C. Briefly describe the purpose of the proposed Project, the reasons why the Project is necessary to the Applicant and why the Agency’s financial assistance is necessary, and the effect the Project will have on the Applicant’s business or operations:

The Village of Lynbrook issued an RFP in 2016 with the hopes that a private developer would be able to buy and redevelop the Capri Motel which has been a blight on the community for decades due to the presence of drug dealing, drug overdose deaths, and prostitution occurring on the property. For 3 years Terwilliger & Bartone Properties negotiated with the owners and now have entered into contract to acquire the property subject to the assistance of the Agency. The property will be redeveloped consistent with the guidelines the Village set in the 2016 RFP with new TOD apartments including a 10% workforce housing component. The project will bring much needed housing to Lynbrook which has not seen new multifamily
development since the 1960’s and help to boost the downtown by putting residents within a half mile of “Main St Lynbrook” and the train station. Without the assistance of the NC IDA the project will not be economically viable and Terwilliger & Bartone Properties will have no choice but to exercise its contractual option to terminate the project. In the event that the applicant exercises its option to terminate the project, the Capri Motel will remain operational within the Village.

D. Is there a likelihood that the proposed Project would not be undertaken by the Applicant but for the granting of the financial assistance by the Agency? (If yes, explain; if no, explain why the Agency should grant the financial assistance with respect to the proposed Project)

YES X NO ___

The project will not be economically viable without the assistance of the NC IDA, further, the contract to acquire the property is contingent on receiving IDA assistance. Without assistance the applicant will have no choice but to abandon the project and terminate the contract to acquire the property.

E. If the Applicant is unable to arrange Agency financing or other Agency financial assistance for the Project, what will be the impact on the Applicant and Nassau County? Would the Applicant proceed with the Project without Agency financing or other Agency financial assistance? Describe.

Without assistance from the NC IDA the project is not economically feasible due to the unpredictable real estate taxes and high construction costs. As a result, the tax base will not increase over time, and the property will not be developed into new TOD residences, including work-force units, to further the Village’s Downtown Revitalization Plan and boost the local businesses.
