C. Briefly describe the purpose of the proposed Project, the reasons why the Project is necessary to the Applicant and why the Agency's financial assistance is necessary, and the effect the Project will have on the Applicant's business or operations:

The project site has remained a vacant parcel of land for approximately 20 years. The Applicant is proposing to construct a 194,033 square foot, two to four story, 130-unit multi-family residential building with a fifth-floor penthouse to be used as an exercise facility. Of the 150 units, 15 would be affordable and
targeted to tenants with incomes at or below 80%, 60% and 40% AMI for Nassau County consistent with the Village of Garden City’s affordable housing requirements. Because of the affordable units and the high construction costs, the Applicant needs the Agency’s financial assistance to phase in the new tax base that would be created by the Project and ensure predictability and stability with respect to the real estate taxes on the property. Without the IDA’s assistance, the Project, especially given the affordable units, would not be financially viable.

D. Is there a likelihood that the proposed Project would not be undertaken by the Applicant but for the granting of the financial assistance by the Agency? (If yes, explain; if no, explain why the Agency should grant the financial assistance with respect to the proposed Project)

YES □ NO □

Because of the affordable units and the high construction costs, the Applicant needs the Agency’s financial assistance to phase in the new tax base that would be created by the Project and ensure predictability and stability with respect to the real estate taxes on the property. Without the IDA’s assistance, the Project, especially given the affordable units, would not be financially viable.

E. If the Applicant is unable to arrange Agency financing or other Agency financial assistance for the Project, what will be the impact on the Applicant and Nassau County? Would the Applicant proceed with the Project without Agency financing or other Agency financial assistance? Describe.

The proposed project would bring much needed quality and affordable rental housing to the community by improving a parcel of land that has remained vacant for the past 20 years. If the Applicant is unable to secure financial assistance from the Agency then the Project will not be financially feasible and the Applicant will not proceed forward with the Project. The Project will mitigate the critical need for affordable housing and housing-stock diversity in the Village of Garden City and Nassau County.

F. Location of Project:

Street Address: 555 Stewart Avenue, Garden City, NY 11530

City/Village(s): Incorporated Village of Garden City
