C. Briefly describe the purpose of the proposed Project, the reasons why the Project is necessary to the Applicant and why the Agency's financial assistance is necessary, and the effect the Project will have on the Applicant's business or operations:

The proposed Project would be a "Housing for Older Persons" (i.e., intended and operated for occupancy by persons 55 years of age or older) with 24 residential units (3 one-bedroom units and 21 two-bedroom units), a club room and fitness center in the

basement, of which two residential units shall be affordable housing units. [See Supplement to Application for eligibility requirements.]The total floor area is approximately 50,497 square feet. The proposed Project is of significance to the Village of Farmingdale and furthers their Master Plan. Given the high construction costs and high property taxes on Long Island, the proposed Project would not be economically feasible without the assistance of the Agency.

- D. Is there a likelihood that the proposed Project would not be undertaken by the Applicant but for the granting of the financial assistance by the Agency? (If yes, explain; if no, explain why the Agency should grant the financial assistance with respect to the proposed Project)

YES X

NO

As stated above, the proposed Project would not be economically feasible without the assistance of the Agency due to the high costs of construction and high property taxes on Long Island. _____

- E. If the Applicant is unable to arrange Agency financing or other Agency financial assistance for the Project, what will be the impact on the Applicant and Nassau County? Would the Applicant proceed with the Project without Agency financing or other Agency financial assistance? Describe.

The Village Downtown Master Plan proposed a long-range approach to diversify the economy, make the downtown more attractive, increase social amenities, create a connection between the LIRR station and Main Street, and improve the efficiency of transport. The impact on the infrastructure and government-provided services of the proposed Project are insubstantial when compared to the numerous benefits, both tangible and intangible, that would accrue to the community as well as to the County as a whole due to the local and regional economic growth. Therefore, the overall fiscal impact of the proposed Project to the Village of Farmingdale, the Town of Oyster Bay and Nassau County as a whole is expected to be overwhelmingly positive.
