Town of Oyster Bay
Short Environmental Assessment Form
ADDENDUM

INSTRUCTIONS: This document is an Addendum to be used for any proposed development project in the Town of Oyster Bay for which the New York State Short Environmental Assessment Form (SEAF, effective October 7, 2013; see the New York State Department of Environmental Conservation web site at http://www.dec.ny.gov/permits/5191.html) is completed pursuant to the State Environmental Quality Review Act (SEQRA). Answers to the questions below, along with the information provided in the completed SEAF and other documents submitted to the Town in connection with the proposed action, will be considered as part of the application for approval and may be subject to further verification and public review. Please feel free to provide any additional information you believe will be helpful in understanding the proposed action and its potential impacts on the environment. Based on the Town’s review of the SEAF and this Addendum, additional information may be requested.

It is expected that completion of this SEAF Addendum will be dependent on information currently available and readily accessible, and will not involve detailed studies or investigations. If the requested information is not available, so indicate and specify each instance. If a particular question is not applicable to the proposed action, respond “N.A.” The impact analysis for the proposed action generally should be based on comparison to existing conditions; one notable exception is when approval (e.g., special use permit) is being sought to legalize an existing condition, in which case the analysis should be based on comparison to a permitted principal (“as-of-right”) use at the project location.

Please enclose a check or money order in the amount of $100.00 for the requisite review fee, made payable to “Supervisor, Town of Oyster Bay”, and remit with the completed SEAF Addendum to the address specified above (along with the completed New York State SEAF, if not already submitted). Depending on the type of project and level of review required, additional fees may apply.

If you have any questions, need assistance in completing this form, or would like to obtain an electronic version of this form, please contact the Department of Environmental Resources at (516) 677-6624, between 9:00 a.m. and 4:45 p.m. on Town of Oyster Bay business days.
