

**Resolution adopting a determination and finding under the New York State Environmental
Quality Review Act**

A regular meeting of the Nassau County Industrial Development Agency (the “Agency”) was convened in public session at the Theodore Roosevelt Executive & Legislative Building, Ceremonial Chambers, 1550 Franklin Avenue, Mineola, Nassau County, New York on November 18, 2021 at 6:55 p.m., local time.

The meeting was called to order by the Chairman, upon roll being called, the following members of the Agency were:

PRESENT:

Richard Kessel	Chairman
Lewis M. Warren	Vice Chairman
Anthony Simon	2nd Vice Chairman
Amy Flores	Treasurer
John Coumatos	Asst. Treasurer
Chris Fusco	Asst. Secretary
Timothy Williams	Secretary

THE FOLLOWING ADDITIONAL PERSONS WERE PRESENT:

Harry Coghlan	Chief Executive Officer/Executive Director
Danielle Oglesby	Chief Operating Officer/Deputy Executive Director
Colleen Pereira	Administrative Director
Thomas D. Glascock	Agency Counsel
Andrew Komaromi	Bond/Transaction Counsel

The attached resolution no. 2021-76 was offered by Timothy Wiliams, seconded by Chris Fusco.

RESOLUTION FINDING THAT AN ACTION TO UNDERTAKE THE ACQUISITION AND STRAIGHT LEASING OF A CERTAIN PROJECT FOR LUMBER ROAD ROSLYN LLC WILL NOT HAVE A SIGNIFICANT ADVERSE IMPACT ON THE ENVIRONMENT

Project Name: LUMBER ROAD ROSLYN LLC 2021

Location: 45 Lumber Road, Village of Roslyn, Town of North Hempstead, Nassau County, New York (Section: 6; Block: 53; Lot: 1031)

SEQRA Status: Unlisted

WHEREAS, the Nassau County Industrial Development Agency (the “Agency”) is authorized and empowered by the provisions of Chapter 1030 of the 1969 Laws of New York, constituting Title I of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of New York, as amended (the “Enabling Act”), and Chapter 674 of the 1975 Laws of New York, as amended, constituting Section 922 of said General Municipal Law (said Chapter and the Enabling Act being hereinafter collectively referred to as the “Act”) to promote, develop, encourage and assist in the acquiring, constructing, reconstructing, improving, maintaining, equipping and furnishing of manufacturing, industrial and commercial facilities, among others, for the purpose of promoting, attracting and developing economically sound commerce and industry to advance the job opportunities, health, general prosperity and economic welfare of the people of the State of New York, to improve their prosperity and standard of living, and to prevent unemployment and economic deterioration; and

WHEREAS, to accomplish its stated purposes, the Agency is authorized and empowered under the Act to acquire, construct, reconstruct and install one or more “projects” (as defined in the Act) or to cause said projects to be acquired, constructed, reconstructed and installed and to convey said projects or to lease said projects with the obligation to purchase; and

WHEREAS, LUMBER ROAD ROSLYN LLC, a limited liability company organized and existing under the laws of the State of New York, (the “Applicant”) has presented an application for financial assistance (the “Application”) to the Agency, which Application requests that the Agency consider undertaking a project (the “Project”) consisting of the following: (A)(1) the acquisition and retention of an interest in an approximately 1.39 acre parcel of land located at 45 Lumber Road, Village of Roslyn, Town of North Hempstead, Nassau County, New York (Section: 6; Block: 53; Lot: 1031) (the “Land”), (2) the construction of an approximately 60,000 square foot, four (4) story building (collectively, the “Building”) on the Land, together with related improvements to the Land, including surface parking spaces, (3) the acquisition of certain furniture, fixtures, machinery and equipment (the “Equipment”) necessary for the completion thereof (collectively, the “Project Facility”), all of the foregoing for use by the Applicant as a multi-family apartment building consisting of approximately thirty-three (33) residential rental apartment units, including six (6) affordable residential rental apartments, with three (3) such residential apartments designated at or below 80 % AMI Nassau County and three (3) such residential apartment designated at or below 120 % AMI Nassau County; (B) the granting of certain “financial assistance” (within the meaning of Section 854(14) of the General Municipal Law) with respect to the foregoing in the form of potential exemptions or partial exemptions from real property taxes, mortgage recording taxes and sales and use taxes (collectively, the “Financial Assistance”); and (C) the lease (with an obligation to purchase), license or sale of the Project Facility to the Applicant or such other entity as may be designated by the Applicant and agreed upon by the Agency; and

WHEREAS, pursuant to Article 8 of the New York Environmental Conservation Law, Chapter 43-B of the Consolidated Laws of New York, as amended and the regulations adopted pursuant thereto by

the Department of Environmental Conservation of the State of New York, being 6 N.Y.C.R.R. Part 617.1, et. seq., as amended (the “Regulations” and collectively “SEQRA”), the Agency must satisfy the requirements contained in SEQRA prior to making a final determination whether to undertake the Project; and

WHEREAS, pursuant to SEQRA, to aid the Agency in determining whether the Project may have a significant adverse impact upon the environment, the Agency has completed, received and/or reviewed (1) Part 1 of a Short Environmental Assessment Form (“EAF”), dated February 4, 2021; (2) NYSDEC’s Environmental Resource Mapper; (3) New York State Historic Preservation Office’s Cultural Resources Mapper; (4) Resolution of the Village of Roslyn Board of Trustees, dated June 16, 2020, declaring itself the Lead Agency for SEQRA review; (5) Resolution of the Village of Roslyn Board of Trustees, dated October 20, 2020, approving the Project Facility; (6) Parts 1, 2 and 3 of Expanded Environmental Analysis, dated September 15, 2020, issuing a Negative Declaration of Environmental significance with respect to the Project Facility pursuant to SEQRA; (7) Traffic Engineering Report prepared by Mulryan Engineering, P.C., dated February 13, 2020; and (8) other relevant environmental information (collectively, 1, 2, 3, 4, 5, 6, 7 and 8 shall be referred to as the “Environmental Information”); and

WHEREAS, pursuant to SEQRA, the Agency is an involved agency in the SEQRA review of the Project, and as an involved agency is required to analyze the Project to determine whether it has the potential to have a significant adverse impact on the environment; and

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NASSAU COUNTY INDUSTRIAL DEVELOPMENT AGENCY AS FOLLOWS:

Section 1. Based upon a thorough review and examination of the Environmental Information and the EAF reviewed by the Village of Roslyn Board of Trustees (the “Lead Agency”) and other representations and information furnished by the Company regarding the Project Facility, the Agency determines that action relating to the acquisition, demolition, construction, equipping and operation of the Project Facility is an “Unlisted” action, as that term is defined in Article 8 of the New York Environmental Conservation Law. An Environmental Review of the Project Facility pursuant to SEQRA was conducted by the Lead Agency and, on September 15, 2020, a negative declaration for purposes of SEQRA was adopted by the Lead Agency. The Agency concurs with the findings of the Lead Agency, and, as of the date of this resolution, determines that the action will not have a “significant effect” on the environment, and therefore, an environmental impact statement will not be required. Further, the Agency makes the following findings with respect to the Project:

1. Impact on Land. The Project is not anticipated to create any potentially significant adverse impacts to land resources or land use. The Project Facility is consistent with its surrounding use in downtown Roslyn and the Land was rezoned in 2010 to permit uses, such as the Project Facility. The zoning and land use classification will not change as a result of the Project and a Special Permit for the use was granted by the Lead Agency. Accordingly, the Project is not anticipated to create any potentially significant adverse impacts to land resources or land use.
2. Impact on Water. The property has been previously disturbed and the improvements will not physically alter, or encroach into, any existing wetland or waterbody. Although the Project site is located over the Nassau-Suffolk sole source aquifer, no activities proposed for the Project are anticipated to impact groundwater or the aquifer, nor is demolition, construction or operation of such project anticipated to expose such aquifer to the undue threat of contamination.

3. Impact on Air. The Project will not be a significant source of air emissions. The Project does not entail the types of activities or operations that require the Applicant to acquire an Air Facility Permit or that are associated with a significant potential for air emissions. In addition, any increase in traffic including vehicle trips associated with the Project is not anticipated to materially impact air quality as more specifically discussed in the Transportation section below, including based on various analyses completed regarding traffic. Any potential impact on air as a result of construction activities will be minor, and temporary in nature.
4. Impact on Health or Safety. The EAF indicates the Land was the subject of two (2) spill reports. The New York State Department of Environmental Conservation records provided that the same have been remediated. The Project also does not entail the types of activities or operations that are associated with a significant potential for affecting public health. Accordingly, the Project will not create any significant adverse impact to public health, air, land or water resources.
5. Impact on Plants and Animals Including to Threatened or Endangered Species. The Land does not appear to contain any habitats of significance as it is fully developed and located in a well-developed residential and commercial area. The Proposed Action does not present the potential for removal or destruction of large quantities of vegetation or fauna; substantial interference with the movement of any resident or migratory fish or wildlife species; impacts on a significant habitat area; substantial adverse impacts on a threatened or endangered species of animal or plant, or the habitat of such a species; or other significant adverse impacts to natural resources.
6. Impact on Agricultural Land Resources. The Project is located in an area currently devoted to commercial / residential uses. As a result it will not involve the conversion or loss of agricultural land resources. Accordingly, the Project will not create any significant adverse impacts to agricultural land resources.
7. Impact on Aesthetic Resources. The Project will not be within 500 feet from any officially designated federal, state or local scenic or aesthetic resource. The property is situated in a developed commercial and residential area, as indicated with is zoned for uses consistent with the Project with is also consistent with surrounding uses. As the Lead Agency concluded that the Project Facility is consistent with its surroundings, it is not anticipated to create any significant adverse impacts to aesthetic resources.
8. Impact on Historic and Archeological Resources. The Agency concurs with the Lead Agency that the entire property is improved with structures and contains no historical, archeological, architectural or aesthetic resources that will be impaired by the development of the Project Facility. Accordingly, the Project will not create any significant adverse impacts to historical or archaeological resources.
9. Impact on Open Space and Recreation. The property on which the Project is to be located and adjacent areas around it do not comprise public open space as it is devoted to commercial and residential uses. Further, the density of the Project Facility is not anticipated to create an adverse impact of local parkland.

Accordingly, the Project will not create any significant adverse impacts to open space or recreational resources.

10. Impact on Critical Environmental Areas. The property on which the Project is to be developed is not located in or substantially contiguous to any Critical Environmental Area (“CEA”) based on a review of the EAF Mapper associated with such property. Accordingly, the Project will not create any significant adverse impacts to any CEA.
11. Impact on Transportation. The Project will not result in a substantial increase in traffic above capacity of current traffic infrastructure, nor is it expected to generate substantial new demand for transportation facilities or services/infrastructure. The Traffic Engineering Report prepared by Mulryan Engineering, P.C., dated February 13, 2020, provides that the Project Facility “will not have an adverse impact on the surrounding roadway network. Further, the Lead Agency determined that that the Project Facility is not anticipated to have any impact on the level of service on the surrounding roadway network as compared to other permitted uses at the Land. Any impacts to transportation from construction activities associated with the Project will be minor and temporary in nature. Further, the Lead Agency concluded that the Project Facility provides convenient pedestrian access to the downtown. Accordingly, it is not anticipated that that Project will create any significant adverse impacts to transportation.
12. Impact on Energy. The Project may result in an increase in energy usage, however, existing utilities serve the area where the Project will be developed and are anticipated to have adequate capacity to serve it. As a result, the Project will not create any significant adverse impacts to energy.
13. Impact on Noise and Odor and Impacts from Light. The Project is not expected to materially increase ambient noise levels or to create odors of consequence particularly in light of such project setting including the Project site location. As a result, it is not anticipated that operation of the Project will result in undue noise impacts. Further, any impacts to noise and/or odor from construction activities will be minor, and temporary in nature. In addition, any such noise from construction will be undertaken during work hours and as such is not anticipated to be significant. Accordingly, the Project will not create any significant adverse impacts to noise or odors.
14. Impact on Growth and Character of the Community and Neighborhood. The Lead Agency concluded that the Project Facility will be consistent with other multifamily residential improvements in the surrounding area. Further, the use was determined to be in conformance with the Village’s Comprehensive Master Plan District. Accordingly, the Project is not anticipated to create any significant adverse impacts to the growth or character of the community.

NOW THEREFORE BE IT FURTHER RESOLVED:

Section 2. Based on the foregoing, the Agency finds that the Project will not have any significant adverse impact on the environment in accordance with the New York State Environmental Quality Review Act, Article 8 of the New York Environmental Conservation Law and, in particular, pursuant to the criteria set forth at 6 NYCRR §617.7(b)-(c) of the SEQRA regulations and as such, no

environmental impact statement shall be prepared. This determination constitutes a negative declaration for the purposes of SEQRA.

Section 3. The Chairman, the Vice Chairman, the Executive Director and the Administrative Director of the Agency are hereby further authorized on behalf of the Agency, or acting together or individually, to distribute copies of this Resolution to the Applicant and to do such further things or perform such acts as may be necessary or convenient to implement the provisions of this Resolution.

Section 4. This Resolution shall take effect immediately.

The question of the adoption of the foregoing Resolution was duly put to a vote on roll call, which resulted as follows:

Richard Kessel	VOTING	AYE
Lewis M. Warren	VOTING	AYE
Anthony Simon	VOTING	AYE
Timothy Williams	VOTING	AYE
Chris Fusco	VOTING	AYE
Amy Flores	VOTING	AYE
John Coumatos	VOTING	AYE

The foregoing Resolution was thereupon declared duly adopted.

STATE OF NEW YORK

) SS.:

COUNTY OF NASSAU

We, the undersigned [Vice] Chairman and [Assistant] Secretary of the Nassau County Industrial Development Agency (the "Agency"), do hereby certify that we have compared the foregoing extract of the minutes of the meeting of the members of the Agency, including the Resolution contained therein, held on November 18, 2021 with the original thereof on file in our office, and that the same is a true and correct copy of said original and of such Resolution set forth therein and of the whole of said original so far as the same relates to the subject matters therein referred to.

WE FURTHER CERTIFY that (A) all members of the Agency had due notice of said meeting; (B) said meeting was in all respects duly held; (C) pursuant to Article 7 of the Public Officers Law (the "Open Meetings Law"), said meeting was open to the general public, and due notice of the time and place of said meeting was duly given in accordance with such Open Meetings Law; and (D) there was a quorum of the members of the Agency present throughout said meeting.

WE FURTHER CERTIFY that, as of the date hereof, the attached Resolution is in full force and effect and has not been amended, repealed or rescinded.

IN WITNESS WHEREOF, we have hereunto set our respective hands and affixed the seal of the Agency this 18th day of November 2021.

[Assistant] Secretary

[Vice] Chairman

(SEAL)
