STAFF REPORT

Date: March 3, 2022

PROJECT: 101 Channel Dr. LLC Consent Resolution

I. APPLICANT INFORMATION

Applicant: 101 Channel Dr. LLC

II. LOCATION

101 Channel Drive
Village of Port Washington North, Town of North Hempstead
(Section: 4; Block 123; Lot 18)

III. PROJECT DESCRIPTION

101 Channel Dr. LLC ("101 Channel") purchased the approximately 13 acre parcel with the 100,000 square foot former Publishers Clearing House building thereon located at 101 Winners Circle (now known as Channel Dr.), following Publishers Clearing House's relocation of operations from it and its vacating of the building. At the time of purchase, the building and project facility was vacant. The Applicant proposed investing approximately \$15 million to renovate the building, for the construction of 6 film production studios.

Thereafter, during 2019, the Applicant presented an application for financial assistance (the "Application") to the Agency, which Application requests that the Agency consider undertaking a project (the "Project") consisting of the following: (A) (1) acquisition of an interest in an approximately 13 acre parcel of land located at 101 Channel Drive, Port Washington, Village of Port Washington North, Town of North Hempstead, County of Nassau, New York (the "Land"), (2) the renovation of an approximately 100,000 square foot building on the Land (the "Building"), together with related improvements to the Land, and (3) the acquisition and installation therein and thereon of certain furniture, fixtures, machinery and equipment (the "Equipment" and together with the Land and the Building, collectively, the "Project Facility"); (B) the granting of certain "financial assistance" (within the meaning of Section 854(14) of the Act) with respect to the foregoing, including potential exemptions or partial exemptions from sales and use taxes, mortgage recording taxes and real property taxes (but not including special assessments and ad valorem levies) (collectively, the "Financial Assistance"); (C) the lease (with an obligation to purchase) or sale of the Project Facility to the Company, or such other entity as may be designated by the Company and agreed upon by the Agency; and (D) the sublease of the Project Facility to the Company or such other entity(ies) as may be designated by the Company and agreed upon by the Agency.

Following this, the Applicant and Agency closed on the project.

IV. CONSENT REQUESTED

The Applicant requests the Agency's consent to transfer a portion of the Project Facility to the Village of Port Washington, to grant a utility easement to the Village and the Neighboring Developer (as defined herein), and to amend the Project transaction documents to memorialize said consent and modification of the closed transaction.

The Project Facility contains an approximately 7.745-acre area of grass and wooded property, with a portion containing a parking area. This area was always intended to be excluded from the Project, and a contract with the Village of Port Washington for conveyance of this area was already in place at the time of the closing of the Project transaction – in connection with the Village's planned sale of certain adjoining land to an unrelated third-party developer (the "Neighboring Developer"). The Village will continue to own the area, which will be restricted against future development.

Exclusion of the area from the Project Facility will not affect the Applicant's operations or impair its ability to meet the Minimum Employment Requirements under the Project transaction documents. Moreover, no work or improvements have been performed with respect to the area, and therefore no sales tax exemption was provided for that portion of the Project Facility. In addition, no mortgage recording tax exemption was used with respect to the area. To the extent that PILOT payments made with respect the 2021/2022 School Tax Year or the 2022 General Tax reflect a payment with respect to area which was less than the real estate taxes with that would have otherwise been due and payable, the Applicant understands that it will be required to pay the difference.

Simultaneously with the transfer of the area, the Applicant will be granting the Village and the Neighboring Developer a utility easement over a portion of the Project Facility. The granting of the utility easement will not adversely impact the Project Facility or the project work in any material way

It is understood that the Company is currently in good standing under the Project transaction documents, and no additional financial assistance is being requested by the Applicant in connection with the consent request. Therefore, no public hearing of the Agency is required pursuant to Section 859-a of the Act.

Staff recommends approval of the requested amendments to the Project transaction documents, as the same will allow the project to continue, will allow a public benefit, and it does not represent any additional financial assistance.

WHEREAS, to accomplish its stated purposes, the Agency is authorized and empowered under the Act to acquire, construct, reconstruct and install one or more “projects” (as defined in the Act) or to cause said projects to be acquired, constructed, reconstructed and installed and to convey said projects or to lease said projects with the obligation to purchase; and

WHEREAS, ORNSTEIN FETNER DEVELOPMENT LLC, a limited liability company organized and existing under the laws of the State of New York, and 249 DREXEL ASSOCIATES LLC, a limited liability company organized and existing under the laws of the State of New York, together with entities formed or to be formed on its behalf (collectively, the “Applicant”) has presented an application for financial assistance (the “Application”) to the Agency, which Application requests that the Agency consider undertaking a project (the “Project”) consisting of the following: (A)(1) the acquisition of a 0.35 acre parcel of land located at 249 Drexel Avenue, Village of Westbury, Town of North Hempstead, Nassau County, New York (Section: 10; Block: 187; Lot: 919) (the “Land”), (2) the construction of an approximately 23,025 square foot, mixed use building (collectively, the “Building”), on the Land, together with related improvements to the Land, (3) the acquisition of certain furniture, fixtures, machinery and equipment (the “Equipment”) necessary for the completion thereof (collectively, the “Project Facility”), all of the foregoing for use by the Applicant as an eighteen (18) residential rental housing facility, including three (3) affordable residential rental apartments, and one (1) retail unit on the ground floor; (B) the granting of certain “financial assistance” (within the meaning of Section 854(14) of the General Municipal Law) with respect to the foregoing in the form of potential exemptions or partial exemptions from real property taxes, mortgage recording taxes and sales and use taxes (collectively, the “Financial Assistance”); and (C) the lease (with an obligation to purchase), license or sale of the Project Facility to the Applicant or such other entity as may be designated by the Applicant and agreed upon by the Agency; and

WHEREAS, the Agency has given due consideration to the Application and to the representations made by the Applicant therein, in certain supplemental documents and at this meeting, including, without limitation, representations of the Applicant that: (A) the granting by the Agency of the Financial Assistance with respect to the Project Facility will be an inducement to the Applicant to undertake the Project in Nassau County, New York; (B) the completion of the Project and the leasing and operation of the Project Facility will not result in the removal of a facility or plant of the Applicant or any tenant, user or occupant of the Project Facility from one area of the State of New York (the "State") to another area of the State or in the abandonment of one or more plants or facilities of the Applicant or any tenant, user or occupant of the Project Facility located in the State but outside Nassau County, New York; (C) the Project will serve the public purposes of the Act by preserving permanent, private sector jobs and increasing the overall number of permanent, private sector jobs in the State; and (D) the granting of the Financial Assistance by the Agency will promote the job opportunities, health, general prosperity and economic welfare of the inhabitants of Nassau County, New York, and improve their standard of living, and prevent unemployment and economic deterioration, and thereby serve the public purposes of the Act; and

WHEREAS, a portion of the Financial Assistance consisting of an exemption from real property taxes, if granted, may represent a deviation from the Agency's uniform tax exemption policy with respect to the making of payments in lieu of real property taxes; and

WHEREAS, any approval of the Project is contingent upon, among other things, a final determination by the members of the Agency to proceed with the Project following determinations by the Agency that: (A) the public hearing and notice requirements and other procedural requirements contained in the Act relating to the Project and the Financial Assistance have been satisfied; and (B) the undertaking of the Project by the Agency and the granting of the Financial Assistance are and will be in compliance with all other applicable requirements of the Act, Article 8 of the Environmental Conservation Law (the "SEQR Act") and the regulations adopted pursuant thereto (the "Regulations" and together with the SEQR Act, collectively, "SEQRA"), and all other statutes, codes, laws, rules and regulations of any governmental authority having jurisdiction over the Project or the Project Facility (collectively, the "Applicable Laws"); and

WHEREAS, the Agency desires to encourage the Applicant to preserve and advance the job opportunities, health, general prosperity and economic welfare of the people of Nassau County, New York, and to prevent unemployment and economic deterioration, by undertaking the Project in Nassau County, New York; and

WHEREAS, a preliminary agreement (the "Preliminary Agreement") relative to the proposed undertaking of the Project by the Agency has been or will be delivered to the Applicant for execution;

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NASSAU COUNTY INDUSTRIAL DEVELOPMENT AGENCY AS FOLLOWS:

The Agency hereby authorizes the Chief Executive Office/Executive Director of the Agency (and hereby ratifies any actions taken to date by the Chief Executive Officer/Executive Director): (A) to establish a time, date and place for a public hearing (the "Public Hearing") of the Agency to hear all persons interested in the location and nature of the Project and the proposed Financial Assistance being contemplated by the Agency with respect to

the Project, said Public Hearing to be held in the city, town or village within which the Project Facility is or will be located; (B) to cause notice of said Public Hearing to be given to the public by publishing a notice of said Public Hearing in a newspaper of general circulation available to residents of the governmental units where the Project Facility is or is to be located, such notice to comply with the requirements of and to be published in accordance with the requirements of the Act; (C) to cause notice of said Public Hearing, pursuant to the Act, to be given to the chief executive officer of the County of Nassau, New York, and of each city, town, village, school district and other affected tax jurisdiction in which the Project Facility is or is to be located; (D) to establish a time, date and place for a meeting of the Agency (the "IDA Meeting") to consider whether to approve a proposed deviation from the Agency's uniform tax exemption policy in accordance with the Act if the Executive Director determines that the portion of the Financial Assistance consisting of an exemption from real property taxes constitutes a deviation from such policy; (E) to cause notice of any such proposed deviation from the Agency's uniform tax exemption policy and of the IDA Meeting to be given to the chief executive officer of each affected tax jurisdiction in accordance with the Act; (F) to conduct the Public Hearing or to authorize a hearing officer to conduct the Public Hearing; (G) to cause a report of the Public Hearing fairly summarizing the views presented at said Public Hearing to be promptly prepared and cause copies of said report to be made available to the members of the Agency; (H) to hold the IDA Meeting and to review and respond to any correspondence received from the affected tax jurisdictions regarding the proposed deviation from the Agency's uniform tax exemption policy, if applicable; and (I) to otherwise comply with all other procedural and other requirements imposed on the Agency pursuant to Applicable Laws with respect to the Project and/or the Financial Assistance.

Section 2. The Applicant is hereby authorized to conduct such environmental, engineering, economic, feasibility and other studies and preliminary planning and budgetary processes necessary or convenient to enable the Agency to make its determination whether to proceed with the Project and to grant the Financial Assistance; provided, however, that such authorization shall not entitle or permit the Applicant to commence the acquisition, construction, installation or equipping of the Project Facility on behalf of the Agency unless and until the Agency shall determine that all requirements of Applicable Laws have been fulfilled. The officers, agents and employees of the Agency are hereby directed to proceed to do such things or perform such acts as may allow the Agency to proceed to its final consideration of the Project. Section 3. Any expenses incurred by the Agency with respect to the Project and/or the financing thereof shall be paid by the Applicant as set forth in the Preliminary Agreement.

Section 4. The findings of the Agency set forth herein are expressly conditioned upon full compliance of the Applicant, the Project and the Project Facility with all Applicable Laws, and the Applicant shall be required to provide evidence of same satisfactory to the Agency prior to the granting of any Financial Assistance.

Section 5. If, following full compliance with all Applicable Laws, the Agency adopts a future resolution (the “Future Resolution”) determining to proceed with the Project and to grant the Financial Assistance, or any portion thereof, with respect to the Project and the Applicant complies with all conditions set forth in the Preliminary Agreement and the Future Resolution, then the Agency will (A) acquire an interest in the Project Facility pursuant to a deed, lease agreement, assignment of lease, license, bill of sale and/or other documentation to be negotiated between the Agency and the Applicant (the “Acquisition Agreement”); (B) construct, install and equip the Building and acquire and install the Equipment; (C) lease (with the obligation to purchase), license or sell the Project Facility to the Applicant pursuant to a lease agreement or an installment sale agreement (the “Project Agreement”) to be negotiated between the Agency and the Applicant; and (D) provide the Financial Assistance with respect to the Project, all as contemplated by the Preliminary Agreement and the Future Resolution.

Section 6. The form, terms and substance of the Preliminary Agreement (in substantially the form presented at this meeting and attached hereto) are in all respects approved, and the Chairman, Vice Chairman, Chief Executive Office/Executive Director, Chief Operating Officer/Deputy Executive Director or Administrative Director of the Agency are each hereby authorized, empowered and directed, acting individually or jointly, to execute and deliver said Preliminary Agreement in the name and on behalf of the Agency, with such changes therein as shall be approved by the officer executing same on behalf of the Agency, the execution thereof by such officer to constitute conclusive evidence of such officer's approval of any and all changes or revisions therein from the form now before this meeting.

Section 7. From and after the execution and delivery of the Preliminary Agreement, the officers, agents and employees of the Agency are hereby authorized, empowered and directed, acting individually or jointly, to proceed with the undertakings provided for therein on the part of the Agency, and are further authorized to do all such acts and things and to execute all such documents as may be necessary or convenient to carry out and comply with the terms and provisions of the Preliminary Agreement as and when executed.

WHEREAS, pursuant to Article 8 of the New York Environmental Conservation Law, Chapter 43-B of the Consolidated Laws of New York, as amended and the regulations adopted pursuant thereto by the Department of Environmental Conservation of the State of New York, being 6 N.Y.C.R.R. Part 617.1, et. seq., as amended (the “Regulations” and collectively “SEQRA”), the Agency must satisfy the requirements contained in SEQRA prior to making a final determination whether to undertake the Project; and

WHEREAS, pursuant to SEQRA, to aid the Agency in determining whether the Project may have a significant adverse impact upon the environment, the Agency has completed, received and/or reviewed (1) Part 1 of a Full Environmental Assessment Form (“EAF”), dated June 24, 2020; (2) NYSDEC’s Environmental Resource Mapper; (3) New York State Historic Preservation Office’s Cultural Resources Mapper; (4) Resolution of the Village of Great Neck Zoning Board of Appeals, dated December 3, 2020, Adopting a Negative Declaration of Environmental significance with respect to the Project Facility pursuant to SEQRA; and (5) other relevant environmental information (collectively, 1, 2, 3, 4 and 5 shall be referred to as the “Environmental Information”); and

WHEREAS, pursuant to SEQRA, the Agency is an involved agency in the SEQRA review of the Project, and as an involved agency is required to analyze the Project to determine whether it has the potential to have a significant adverse impact on the environment; and

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NASSAU COUNTY INDUSTRIAL DEVELOPMENT AGENCY AS FOLLOWS:

Section 1. Based upon a thorough review and examination of the Environmental Information and the EAF reviewed by the Village of Great Neck Zoning Board of Appeals (the “Lead Agency”) and other representations and information furnished by the Company regarding the Project Facility, the Agency determines that action relating to the acquisition, demolition, construction, equipping and operation of the Project Facility is an “Unlisted” action, as that term is defined in Article 8 of the New York Environmental Conservation Law. An Environmental Review of the Project Facility pursuant to SEQRA was conducted by the Lead Agency and, on December 3, 2020, a negative declaration for purposes of SEQRA was adopted by the Lead Agency. The Agency concurs with the findings of the Lead Agency, and, as of the date of this resolution, determines that the action will not have a “significant effect” on the environment, and therefore, an environmental impact statement will not be required. Further, the Agency makes the following findings with respect to the Project:

1. Impact on Land. The Project is not anticipated to create any potentially significant adverse impacts to land resources or land use. The Lead Agency concluded that the Project Facility is consistent with its surrounding use. The zoning and land use classification will not change as a result of the Project. Accordingly, the Project is not anticipated to create any potentially significant adverse impacts to land resources or land use.

2. Impact on Water. No wetlands in the area of the Land are anticipated to be impacted as renovation will be undertaken on property which previously housed similar uses. In addition, the Project is not located in a designated 100 or 500 year floodplain. The property has been previously disturbed and the renovation will not physically alter, or encroach into, any existing wetland or waterbody. Although the Project site is located over the Nassau-Suffolk sole source aquifer, no activities proposed for the Project are anticipated to impact groundwater or the aquifer, nor is renovation or operation of such project anticipated to expose such aquifer to the undue threat of contamination. Further, the Lead Agency has determined that the Ground and surface water will be managed by a drainage system on-site and in connection with the Nassau County Stormwater Management System.
3. Impact on Air. The Project will not be a significant source of air emissions. The Project does not entail the types of activities or operations that require the Applicant to acquire an Air Facility Permit or that are associated with a significant potential for air emissions. In addition, any increase in traffic including vehicle trips associated with the Project is not anticipated to materially impact air quality as more specifically discussed in the Transportation section below, including based on various analyses completed regarding traffic. Any potential impact on air as a result of construction activities will be minor, and temporary in nature.
4. Impact on Health or Safety. The EAF indicates the Land was not the subject of spill reports. The Project also does not entail the types of activities or operations that are associated with a significant potential for affecting public health. Accordingly, the Project will not create any significant adverse impact to public health, air, land or water resources.
5. Impact on Plants and Animals Including to Threatened or Endangered Species. The Land in the area of the Project Facility does not appear to contain any habitats of significance as it is fully developed and located in a well-developed residential and commercial area. The Proposed Action does not present the potential for removal or destruction of large quantities of vegetation or fauna; substantial interference with the movement of any resident or migratory fish or wildlife species; impacts on a significant habitat area; substantial adverse impacts on a threatened or endangered species of animal or plant, or the habitat of such a species; or other significant adverse impacts to natural resources.
6. Impact on Agricultural Land Resources. The Project is located in an area currently devoted to commercial / residential uses. As a result it will not involve the conversion or loss of agricultural land resources. Accordingly, the Project will not create any significant adverse impacts to agricultural land resources.

7. Impact on Aesthetic Resources. The Project will not be visible from any officially designated federal, state or local scenic or aesthetic resource. The property is situated in a developed commercial and residential area, as indicated with is zoned for uses consistent with the Project with is also consistent with surrounding uses. As the Lead Agency concluded that the Project Facility is consistent with its surroundings, it is not anticipated to create any significant adverse impacts to aesthetic resources.
8. Impact on Historic and Archeological Resources. The Agency concurs with the Lead Agency that the entire property is improved with structures and contains no historical, archeological, architectural or aesthetic resources that will be impaired by the development of the Project Facility. Accordingly, the Project will not create any significant adverse impacts to historical or archaeological resources.
9. Impact on Open Space and Recreation. The property on which the Project is to be located and adjacent areas around it do not comprise public open space as it is devoted to commercial and residential uses. Further, the density of the Project Facility is not anticipated to create an adverse impact of local parkland. Accordingly, the Project will not create any significant adverse impacts to open space or recreational resources.
10. Impact on Critical Environmental Areas. The property on which the Project is to be developed is not located in or substantially contiguous to any Critical Environmental Area (“CEA”) based on a review of the EAF Mapper associated with such property. Accordingly, the Project will not create any significant adverse impacts to any CEA.
11. Impact on Transportation. The Project will not result in a substantial increase in traffic above capacity of current traffic infrastructure, nor is it expected to generate substantial new demand for transportation facilities or services/infrastructure. Further, the LEAD Agency concurred with the Applicant’s Traffic Analysis and Parking Analysis, which provided that the Project Facility is not anticipated to have any impact on the level of service on the surrounding roadway network and that in the engineering firm’s professional opinion the granting of the Application would not create traffic congestion or undue on-street parking in the area surrounding the subject site. Any impacts to transportation from construction activities associated with the Project will be minor and temporary in nature. Accordingly, it is not anticipated that that Project will create any significant adverse impacts to transportation.
12. Impact on Energy. The Project may result in an increase in energy usage, however, existing utilities serve the area where the Project will be developed and are anticipated to have adequate capacity to serve it. As a result, the Project will not create any significant adverse impacts to energy.

13. Impact on Noise and Odor and Impacts from Light. The Project is not expected to materially increase ambient noise levels or to create odors of consequence particularly in light of such project setting including the Project site location. As a result, it is not anticipated that operation of the Project will result in undue noise impacts. Further, any impacts to noise and/or odor from construction activities will be minor, and temporary in nature. In addition, any such noise from construction will be undertaken during work hours and as such is not anticipated to be significant. Accordingly, the Project will not create any significant adverse impacts to noise or odors.
14. Impact on Growth and Character of the Community and Neighborhood. The Lead Agency concluded that the Project Facility will result in a change in the intensity of use on the specific property, however, said intensity will be similar to the use intensity of several other properties along Middle Neck Road. Further, the use was determined to be in conformance with the Village's Middle Neck Road Multifamily Incentive Overlay District. Accordingly, the Project is not anticipated to create any significant adverse impacts to the growth or character of the community.

NOW THEREFORE BE IT FURTHER RESOLVED:

Section 2. Based on the foregoing, the Agency finds that the Project will not have any significant adverse impact on the environment in accordance with the New York State Environmental Quality Review Act, Article 8 of the New York Environmental Conservation Law and, in particular, pursuant to the criteria set forth at 6 NYCRR §617.7(b)-(c) of the SEQRA regulations and as such, no environmental impact statement shall be prepared. Prior to making the determinations set forth in this resolution, the members of the Agency have considered the following factors set forth in the Tax Exemption Policy: (1) the extent to which the Proposed Project would create or retain permanent jobs; (2) the extent to which the Proposed Project would create construction jobs; (3) the estimated value of tax exemptions to be provided with respect to the Proposed Project; (4) the amount of private sector investment generated or likely to be generated by the Proposed Project; (5) the likelihood of the Proposed Project being accomplished in a timely manner; (6) the extent of new revenue that would be provided to affected tax jurisdictions as a result of the Proposed Project; (7) whether affected tax jurisdictions would be reimbursed by the Applicant if a Proposed Project does not fulfill the purposes for which an exemption was provided, (8) the impact of the Proposed Project on existing and proposed businesses and economic development projects in the vicinity, (9) the demonstrated public support for the Proposed Project, (10) the effect of the Proposed Project on the environment, (11) the extent to which the Proposed Project would require the provision of additional services, including, but not limited to, additional educational, transportation, police, emergency, medical or fire services, and (12) any other miscellaneous public benefits that might result from the Proposed Project.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NASSAU COUNTY INDUSTRIAL DEVELOPMENT AGENCY AS FOLLOWS:

Section 1. The Agency has reviewed the Application and the Report and, based upon the representations made by the Applicant to the Agency and the facts and information obtained by the Staff of the Agency and reported to and reviewed by the members of the Agency at this meeting (including, without limitation, the facts and information set forth in the Staff Review of the Application), the Agency has reviewed and assessed all material information necessary to afford a reasonable basis for the Agency to make a determination to approve the Financial Assistance. In addition, the Agency makes the following findings and determinations with respect to the Project:

(a) based on the proposed use of the Project Facility as set forth in the Application, the economic effects of the Project on the area in which it is situated including the prevention of economic deterioration, the job opportunities to be created and/or maintained by the Project, the Project will constitute a commercial facility and, therefore, the Project constitutes a "project" within the meaning of the Act;

(b) the granting of the Financial Assistance by the Agency to the Applicants is necessary to induce the Applicants to proceed with the Project. This finding of the Agency is further supported by the “Cost Benefit Analysis Substantiation of Need for Nassau County IDA Financial Assistance” prepared by the National Development Counsel (the “NDC Report”); The NDC Report, *inter alia*, focused on establishing the level of partial exemptions from real property taxes under the PILOT Agreement to ensure that the level of Financial Assistance is the lowest necessary to induce the Applicant to proceed with the Project. The NDC Report’s conclusion also takes into account sales and use tax exemption and mortgage tax exemption components of the Financial Assistance herein approved with respect to the Project Facility (as set forth in Section 6 hereof) and the real property tax exemption herein approved with respect to the Project Facility (as set forth in Section 7 hereof). The NDC Report concluded that: “[b]ut for’ the proposed financial incentive package, the development is not considered financially feasible, as the developer would not be able to raise sufficient debt and equity to establish a balanced sources and uses of funds”. The NDC Report took into consideration a Real Estate Tax Assessment Projection prepared by Standard Valuation Services (SVS) for the subject property. The SVS Report provided the current taxes on the Land and estimated real estate taxes after determining value on the Project Facility based upon the income approach to valuation.

(c) there is a likelihood that the Project would not be undertaken but for the granting of the Financial Assistance by the Agency to the Applicants;

(d) the completion of the Project Facility by the Applicants as agent of the Agency, the lease thereof by the Agency to the Applicants and the operation thereof by the Applicants will not result in the removal of a facility or plant of the Applicants or any other proposed user, occupant or tenant of the Project Facility from one area of the State of New York (the “State”) to another area of the State or in the abandonment of one or more plants or facilities of the Applicants or any other proposed user, occupant or tenant of the Project Facility located within the State (but outside of Nassau County). Therefore, the provisions of subdivision (1) of Section 862 of the Act are not and will not be violated as a result of the granting of the Financial Assistance by the Agency to the Applicants;

(e) the Project will serve the public purposes of the Act by preserving permanent, private sector jobs and increasing the overall number of permanent, private sector jobs in the State;

(f) no funds of the Agency shall be used in connection with the Project for the purpose of preventing the establishment of an industrial or manufacturing plant, nor shall any funds of the Agency be given in connection with the Project to any group or organization which is attempting to prevent the establishment of an industrial or manufacturing plant within the State, nor shall any funds of the Agency be used for advertising or promotional materials which depict elected or appointed government officials in either print or electronic media;

(g) the granting of the Financial Assistance by the Agency with respect to the Project will promote the job opportunities, health, general prosperity and economic welfare of the inhabitants of Nassau County, New York and the State, will improve their standard of living, and will prevent unemployment and economic deterioration, and thereby serves the public purposes of the Act;

(h) The Project is located in the Apartment E/Middle Neck Road Multifamily Incentive Overlay District and Residence C zoning districts in the Village of Great Neck (the "Village") and is presently developed with two (2) dilapidated multifamily residences, two (2) dilapidated cottages utilized for non-conforming uses and three (3) commercial buildings that the Village Board of Appeals has determined to be of poor aesthetic quality and in "run-down" condition. The Apartment E/Middle Neck Road Multifamily Incentive Overlay District allows for multifamily dwellings subject to certain requirements (Section 575-105(A)) of the Village Code). The Village Board of Appeals granted waivers from the Village Code requirements to permit the construction of the Project Facility by resolution dated December 3, 2020. Taking into account the stated purposes of the Act being the promotion of employment opportunities and the prevention of economic deterioration and having reviewed the Economic Impact Study, dated March 1, 2022, prepared by Camoin Associates for the Agency regarding the costs benefits and other economic impacts of the Project, the Apartment E/Middle Neck Road Multifamily Incentive Overlay District and Residence C zoning districts in the Village and the waivers granted by the Village Board of Appeals, the Agency hereby finds that the undertaking of the Project constitutes a commercial activity as it promotes the creation of employment opportunities and the prevention of economic deterioration.

(i) the Project Facility does not and will not constitute a project where facilities or property that are primarily used in making retail sales of goods and/or services to customers who personally visit such facilities constitute more than one-third of the total cost of the Project. For purposes of this finding, retail sales shall mean: (i) sales by a registered vendor under Article 28 of the New York Tax Law primarily engaged in the retail sale of tangible personal property, as defined in subparagraph (i) of paragraph four of subdivision (b) of section 1101 of the New York Tax Law; or (ii) sales of a service to such customers; and

(j) the Project will not result in the removal or abandonment of a plant or facility of the Applicants, or of a proposed user, occupant or tenant of the Project Facility, currently located within Nassau County.

Section 2.
