WHEREAS, pursuant to SEQRA, to aid the Agency in determining whether the Project may have a significant adverse impact upon the environment, the Agency has completed, received and/or reviewed (1) Part 1 of a Short Environmental Assessment Form (“EAF”), dated March 11, 2022; (2) NYSDEC’s Environmental Resource Mapper; (3) New York State Historic Preservation Office’s Cultural Resources Mapper; and (4) other relevant environmental information (collectively, 1, 2, 3, and 4 shall be referred to as the “Environmental Information”); and

WHEREAS, pursuant to SEQRA, the Agency is an involved agency in the SEQRA review of the Project, and as an involved agency is required to analyze the Project to determine whether it has the potential to have a significant adverse impact on the environment; and

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NASSAU COUNTY INDUSTRIAL DEVELOPMENT AGENCY AS FOLLOWS:

Section 1. Based upon a thorough review and examination of the Environmental Information and upon the Agency’s knowledge of the area surrounding the Land and such further investigation of the Project and its environmental effects as the Agency has deemed appropriate, the Agency makes the following findings with respect to the Project:

1. Impact on Land. The Project is not anticipated to create any potentially significant adverse impacts to land resources or land use. The Project consists of construction of an as-of-right development. The zoning and land use classification will not change as a result of the Project and the Project is consistent with surrounding uses, which are comprised of multifamily residential, single family residential, commercial and industrial in nature. Accordingly, the Project is not anticipated to create any potentially significant adverse impacts to land resources or land use.
2. Impact on Water. No wetlands in the area are anticipated to be impacted. In addition, the Project is not located in a designated 100 or 500 year floodplain. The property has been previously disturbed and the renovation will not physically alter, or encroach into, any existing wetland or waterbody. Although the Project site is located over the Nassau-Suffolk sole source aquifer, no activities proposed for the Project are anticipated to impact groundwater or the aquifer, nor is renovation or operation of such project anticipated to expose such aquifer to the undue

threat of contamination. Further, in terms of stormwater impacts and drainage, the Project will be constructed in accordance with applicable standards, including the contractor obtaining permits from the NYSDEC under the State Pollutant Discharge Elimination System permit program and implementing measures required under it, such as a Storm Water Pollution Prevention Plan.

3. Impact on Air. The Project will not be a significant source of air emissions. The Project does not entail the types of activities or operations that require the Applicant to acquire an Air Facility Permit or that are associated with a significant potential for air emissions. In addition, any increase in traffic associated with the Project is not anticipated to materially impact air quality as more specifically discussed in the Transportation section below, including based on various analyses completed regarding traffic. Any potential impact on air as a result of construction activities will be minor, and temporary in nature.
4. Impact on Health or Safety. The application provides that the site was a superfund site related to its historic use by Jackson Steel Products as a manufacturer of steel products, which led to significant contamination of the Land and adjacent properties. The site was nominated to the National Priorities List in 1999 and ultimately listed as a Federal Superfund Site in 2000. Over a decade and a half, the United States Environmental Protection Agency (“USEPA”) remediated the subject property as well as adjacent properties, together with the NYSDEC. In 2016, the USEPA delisted the site from the National Priorities List and oversight of the subject property was transferred to NYSDEC in 2017. In 2019, NYSDEC reclassified the site from a Class 2 to a Class 4 Site, signifying that the site no longer presents a significant threat to public health and/or the environment. Accordingly, the existing conditions are no longer a threat to health or safety. The Project also does not entail the types of activities or operations that are associated with a significant potential for affecting public health. Accordingly, the Project will not create any significant adverse impact to public health, air, land or water resources.
5. Impact on Plants and Animals Including to Threatened or Endangered Species. The Land in the area of the Project does not appear to contain any habitats of significance as it is located in a well-developed commercial area. The NYSDEC Mapper indicates that the property does not contain a species of animal, or associated habitat listed as threatened or endangered. Accordingly, the improvements will not increase or substantially alter existing environmental conditions on the Land.
6. Impact on Agricultural Land Resources. The Project is located in an area currently devoted to residential and commercial / industrial uses. As a result it will not involve the conversion or loss of agricultural land resources. Accordingly, the Project will not create any significant adverse impacts to agricultural land resources.

7. Impact on Aesthetic Resources. The Project will not be visible from any officially designated federal, state or local scenic or aesthetic resource. The property is situated in a developed residential and commercial area, as indicated with is zoned for uses consistent with the Project with is also consistent with surrounding uses. As the proposed Project is an industrial use, consistent with its surroundings and historic uses of the site, it is not anticipated to create any significant adverse impacts to aesthetic resources.
8. Impact on Historic and Archeological Resources. The property on which the Project is to be located does not contain, nor is it adjacent to, a building, structure or archeological site designated by the NYS Historic Preservation Office as a resource, nor is it located within a district which is listed on, or that has been nominated to, the State or National Register of Historic Places. Areas near the property on which the Project is to be located have been previously developed and lack the characteristics that would suggest the potential presence of any significant archaeological resources. Accordingly, the Project will not create any significant adverse impacts to historical or archaeological resources.
9. Impact on Open Space and Recreation. The property on which the Project is to be located and adjacent areas around it do not comprise public open space as it is devoted to residential and commercial / industrial uses. Further, the redevelopment occurring on the property at issue is not anticipated to impact any open space or recreational resources, including any parks or park features in vicinity thereto. Accordingly, the Project will not create any significant adverse impacts to open space or recreational resources.
10. Impact on Critical Environmental Areas. The property on which the Project is to be developed is not located in or substantially contiguous to any Critical Environmental Area (“CEA”) based on a review of the EAF Mapper associated with such property. Accordingly, the Project will not create any significant adverse impacts to any CEA.
11. Impact on Transportation. Based upon the EAF, the Project will not result in a substantial increase in traffic above capacity of current traffic infrastructure, nor is it expected to generate substantial new demand for transportation facilities or services/infrastructure. Further, anticipated traffic associated with the operation of the Project is also not anticipated to result in significant negative effects and consistent with the historic industrial/commercial uses of the property. Any impacts to transportation from renovation activities associated with the Project will be minor and temporary in nature. Accordingly, it is not anticipated that that Project will create any significant adverse impacts to transportation.

12. Impact on Energy. The Project may result in an increase in energy usage, however, existing utilities serve the area where the Project will be developed and are anticipated to have adequate capacity to serve it. As a result, the Project will not create any significant adverse impacts to energy.
13. Impact on Noise and Odor and Impacts from Light. The Project is not expected to materially increase ambient noise levels or to create odors of consequence particularly in light of such project setting including the Project site location. As a result, it is not anticipated that operation of the Project will result in undue noise impacts. Further, any impacts to noise and/or odor from construction activities will be minor, and temporary in nature. In addition, any such noise from construction will be undertaken during work hours and as such is not anticipated to be significant. Accordingly, the Project will not create any significant adverse impacts to noise or odors.
14. Impact on Growth and Character of the Community and Neighborhood. The Project is not anticipated to result in significant growth out of character or beyond the capacity of the area to accommodate same in light of the zoning of the site of said project and surrounding uses. In sum, the Project is similar and is in character with surrounding uses. Accordingly, the Project is not anticipated to create any significant adverse impacts to the growth or character of the community.

NOW THEREFORE BE IT FURTHER RESOLVED:

Section 2.

Based on the foregoing, the Agency finds that the Project will not have any significant adverse impact on the environment in accordance with the New York State Environmental Quality Review Act, Article 8 of the New York Environmental Conservation Law and, in particular, pursuant to the criteria set forth at 6 NYCRR §617.7(b)-(c) of the SEQRA regulations and as such, no environmental impact statement shall be prepared.

Section 3. The Chairman, the Vice Chairman, the Executive Director and the Administrative Director of the Agency are hereby further authorized on behalf of the Agency, or acting together or individually, to distribute copies of this Resolution to the Applicant and to do such further things or perform such acts as may be necessary or convenient to implement the provisions of this Resolution.

WHEREAS, the Agency desires to provide for compliance with the provisions of Section 874(4) of the Act with respect to the proposed deviation from the Tax Exemption Policy;

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF NASSAU COUNTY INDUSTRIAL DEVELOPMENT AGENCY, AS FOLLOWS:

Section 1. Prior to making the determinations set forth in this resolution, the members of the Agency have considered the following factors set forth in the Tax Exemption Policy: (1) the extent to which the Proposed Project would create or retain permanent jobs; (2) the extent to which the Proposed Project would create construction jobs; (3) the estimated value of tax exemptions to be provided with respect to the Proposed Project; (4) the amount of private sector investment generated or likely to be generated by the Proposed Project; (5) the likelihood of the Proposed Project being accomplished in a timely manner; (6) the extent of new revenue that would be provided to affected tax jurisdictions as a result of the Proposed Project; (7) whether affected tax jurisdictions would be reimbursed by the Applicant if a Proposed Project does not fulfill the purposes for which an exemption was provided, (8) the impact of the Proposed Project on existing and proposed businesses and economic development projects in the vicinity, (9) the demonstrated public support for the Proposed Project, (10) the effect of the Proposed Project on the environment, (11) the extent to which the Proposed Project would require the provision of additional services, including, but not limited to, additional educational, transportation, police, emergency, medical or fire services, and (12) any other miscellaneous public benefits that might result from the Proposed Project.

Section 2. The Agency hereby determines that the Agency has fully complied with the requirements of Section 874(4) of the Act relating to the proposed deviation from the Tax Exemption Policy.

Section 3. Having reviewed all comments and correspondence received at or prior to the IDA Meeting, the Agency hereby approves the proposed deviation from the Tax Exemption Policy as described in the Pilot Deviation Notice Letter (a copy of which is attached hereto as Exhibit A) because the proposed deviation is necessary to induce the Applicant to undertake the Proposed Project and because the PILOT payments would not be lower than the real property taxes that should otherwise apply with respect to the Land and the existing improvements thereon as of the closing date of the transaction.

Section 4. The Chairman, the Vice Chairman, the Chief Executive Officer/Executive Director, Chief Operating Officer and the Administrative Director of the Agency are each hereby authorized and directed, acting individually or jointly, to distribute copies of this Resolution to the Applicant and to do such further things or perform such acts as may be necessary or convenient to implement the provisions of this Resolution. If the Agency hereafter adopts appropriate final approving resolutions with respect to the proposed straight-lease transaction with the Applicant (the "Transaction"), the Chairman, the Vice Chairman, the Chief Executive Officer/Executive Director, Chief Operating Officer and the Administrative Director of the Agency are each hereby authorized and directed, acting individually or jointly, to cause the Agency to (A) enter into a Payment in Lieu of Taxes Agreement with the Applicant, providing, among other things, that the Applicant shall make payments in lieu of taxes consistent with the formula set forth in the Pilot Deviation Notice Letter, and (B) file an application for real property tax exemption with the appropriate assessor(s) with respect to the Project Facility.

Section 5. This Resolution shall take effect immediately, but is subject to and conditioned upon the closing of the Transaction.

The question of the adoption of the foregoing Resolution was duly put to a vote on roll call, which resulted as follows:

NOTICE OF PROPOSED DEVIATION FROM
UNIFORM TAX EXEMPTION POLICY

Ladies and Gentlemen:

Notice is hereby given that at a meeting of the Nassau County Industrial Development Agency (the "Agency") to be held on April 28, 2022 at 6:30 p.m. local time and to be conducted in the Nassau County Legislative Chamber, 1550 Franklin Avenue, Mineola, New York 11501, the Agency will consider whether to approve the application of the Applicant (as defined below), for certain "financial assistance" which, if granted, would deviate from the Agency's Uniform Tax Exemption Policy (the "Policy") with respect to the payment of real property taxes. The meeting of the Agency will be open to the public. A notice was previously sent with respect to the Agency considering this matter on March 31, 2022, however, the Agency adjourned its further consideration of the "financial assistance" until April 28, 2022.

At the meeting of the Agency, the Agency will consider the application of NY PLUMBING WHOLESALE AND SUPPLY INC., a business corporation organized and existing under the laws of the State of New York, together with entities formed or to be formed on its behalf, and MINEOLA 435, LLC (collectively, the "Applicant"), the fee owner of the Land, as defined below, have presented an application for financial assistance (the "Application") to the Agency, which Application requests that the Agency consider undertaking a project (the "Project") consisting of the following: (A)(1) the retention of an approximately 1.53 acre parcel of land located at 435 1st Street, Village of Mineola, Town of North Hempstead, Nassau County, New York (Section: 9; Block: 672; Lot: 4) (the "Land"), (2) the renovation of an existing building totaling approximately 43,000 square feet (the "Building"), on the Land, together with related improvements to the Land, (3) the acquisition of certain furniture, fixtures, machinery and equipment (the "Equipment") necessary for the completion thereof (collectively, the "Project Facility"), all of the foregoing for use by the Applicant for its plumbing supply business, together with surface parking; (B) the granting of certain "financial assistance" (within the meaning of Section 854(14) of the General Municipal Law) with respect to the foregoing in the form of potential exemptions or partial exemptions from real property taxes, mortgage recording taxes and sales and use taxes (collectively, the "Financial Assistance"); and (C) the lease (with an obligation to purchase), license or sale of the Project Facility to the Applicant or such other entity as may be designated by the Applicant and agreed upon by the Agency.

The Application states that the Applicant is seeking an abatement of real property taxes. However, based upon preliminary negotiations between representatives of the Applicant and the Agency, the parties contemplate that the Agency may agree to grant an approximately twenty (20) year real property tax exemption (the "Property Tax Exemption") with respect to the Project Facility as follows: payments shall be equal to one hundred percent (100%) of the real property taxes and assessments that should be levied upon the Project Facility as of the closing date of the Project transaction without taking into consideration the transfer of ownership, jurisdiction, supervision or control of the Project Facility to the Agency (the "Base Year PILOT Amount"), which Base Year PILOT Amount would be payable each fiscal tax year for a period of three (3) fiscal tax years without increase, followed by a period of seventeen (17) fiscal tax years with annual increases of 2.00% per year (compounded) each fiscal tax year (i.e. years 4-20 of the term of the PILOT) (collectively the "PILOT Term").

In calculating the Base Year PILOT Amount with respect to the applicable Project Facility, the Agency shall take into account the most recent assessment data (i.e., assessed value and tax rates) available as of the closing as if the applicable Project Facility was on the tax rolls as taxable property, including, without limitation, any applicable approved tax certiorari stipulation or other settlement or arrangement with the applicable tax assessor(s) or the report of a tax consultant satisfactory to the Agency. The applicable Base Year PILOT Amount shall be reduced by any special taxes, assessments or levies that the Applicant is required to pay separately to the affected tax jurisdictions.

Thereafter, and through the end of the term of the lease or installment sale agreement with respect to the Project Facility, the payments would be equal to the real property taxes and assessments that would be payable as if such Project Facility were returned to the tax rolls as taxable property and subject to taxation at its then current, full assessed value, as the same may be reassessed from time to time, and subject to tax rate increases imposed by the affected tax jurisdictions.

The Property Tax Exemption shall commence the first fiscal tax year of each of the affected tax jurisdictions following the first taxable status date following the closing of the proposed transaction and filing of the appropriate application(s) for exemption. Each annual PILOT Payment with respect to the Project Facility shall be allocated among the affected tax jurisdictions in proportion to the amount of real property taxes that would have been received by each affected tax jurisdiction had the Project Facility not been tax exempt due to the status of the Agency.

The PILOT Payments shall not increase or decrease during the term of the PILOT Agreement. The PILOT Payments shall be reduced by any special taxes, assessments or levies that the Applicant is required to pay separately to the affected tax jurisdictions.

The Property Tax Exemption, if approved by the Agency, would constitute a deviation from the Policy.

The reason for the deviation is that the Property Tax Exemption, if approved by the Agency, is necessary to induce the Applicant to undertake the Project and that the PILOT Payments would not be lower than the real property taxes that should otherwise apply with respect to the Land and the existing improvements thereon as of the Closing Date.

Sincerely,

NASSAU COUNTY INDUSTRIAL
DEVELOPMENT AGENCY

WHEREAS, (A) the Applicant will execute and deliver a certain bargain and sale deed, assignment of lease or company lease to the Agency, pursuant to which the Applicant will convey an interest in the Land and the Building to the Agency (the "Conveyance Instrument"), (B) the Applicant will execute and deliver a certain Bill of Sale (the "Bill of Sale to Agency") to the Agency, pursuant to which the Applicant will convey to the Agency its interest in the Equipment, (C) the Applicant will execute and deliver a Lease Agreement or Sublease Agreement, (the "Lease") between the Agency and the Applicant, pursuant to which the Agency will grant to the Applicant a leasehold interest in the Project Facility and pursuant to which and/or a Project Agreement by and between the Agency and the Applicant, the Agency will appoint to the Applicant as its agent ("Project Agreement"), (D) the Applicant will cause to be executed and delivered a certain Environmental Compliance and Indemnification Agreement (the "Environmental indemnification") pursuant to which the Agency will be indemnified from and against certain losses, costs, damages and liabilities, (E) the Applicant will execute and deliver or cause to be executed and delivered a certain Payment in Lieu of Taxes Agreement (the "PILOT Agreement") to the Agency, and, to secure the obligations thereunder, a certain Mortgage and Assignment of Leases and Rents in favor of the County of Nassau, New York (the "PILOT Mortgage"), and (F) the Applicant will execute and deliver and/or cause to be executed and delivered certain other certificates, documents, instruments and agreements related to the Project (together with the Conveyance Instrument, the Bill of Sale to Agency, the Lease, the Project Agreement, if any, the Environmental Indemnification, the PILOT Agreement and the PILOT Mortgage, collectively, the "Transaction Documents");

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NASSAU COUNTY INDUSTRIAL DEVELOPMENT AGENCY AS FOLLOWS:

Section 1. The Agency has reviewed the Application and the Report and, based upon the representations made by the Applicant to the Agency and the facts and information obtained by the Staff of the Agency and reported to and reviewed by the members of the Agency at this meeting (including, without limitation, the facts and information set forth in the Staff Review of the Application), the Agency has reviewed and assessed all material information necessary to afford a reasonable basis for the Agency to make a determination to approve the Financial Assistance. In addition, the Agency makes the following findings and determinations with respect to the Project:

(a) based on the proposed use of the Project Facility as set forth in the Application, the economic effects of the Project on the area in which it is situated including the prevention of economic deterioration, the job opportunities to be created

and/or maintained by the Project, the Project will constitute a commercial facility and, therefore, the Project constitutes a “project” within the meaning of the Act;

(b) the granting of the Financial Assistance by the Agency to the Applicants is necessary to induce the Applicants to proceed with the Project;

(c) there is a likelihood that the Project would not be undertaken but for the granting of the Financial Assistance by the Agency to the Applicants;

(d) although the undertaking of the Project may result in the removal of a facility or plant of the Applicant from one area of the State of New York to another area of the State of New York or in the abandonment of one or more plants or facilities of the Applicant located in the State of New York (but outside the County), the undertaking of the Project is reasonably necessary to (i) preserve the competitive position of the Applicant in its industry, and (ii) discourage the Applicant from removing such other facility or plant to a location outside the State of New York. Therefore, the provisions of subdivision (1) of Section 862 of the Act would not be violated as a result of the granting of the Financial Assistance by the Agency to the Applicant. Further, notice of the abandonment was sent to the effected municipality in accordance with Section 859-a(5)(d) of Title 1 of Article 18-A of the Act.

(e) the Project will serve the public purposes of the Act by preserving permanent, private sector jobs and increasing the overall number of permanent, private sector jobs in the State;

(f) no funds of the Agency shall be used in connection with the Project for the purpose of preventing the establishment of an industrial or manufacturing plant, nor shall any funds of the Agency be given in connection with the Project to any group or organization which is attempting to prevent the establishment of an industrial or manufacturing plant within the State, nor shall any funds of the Agency be used for advertising or promotional materials which depict elected or appointed government officials in either print or electronic media;

(g) the granting of the Financial Assistance by the Agency with respect to the Project will promote the job opportunities, health, general prosperity and economic welfare of the inhabitants of Nassau County, New York and the State, will improve their standard of living, and will prevent unemployment and economic deterioration, and thereby serves the public purposes of the Act; and

(h) the Project Facility does not and will not constitute a project where facilities or property that are primarily used in making retail sales of goods and/or services to customers who personally visit such facilities constitute more than one-third of the total cost of the Project. For purposes of this finding, retail sales shall mean: (i) sales by a registered vendor under Article 28 of the New York Tax Law primarily engaged in the retail sale of tangible personal property, as defined in subparagraph (i) of paragraph four of subdivision (b) of section 1101 of the New York Tax Law; or (ii) sales of a service to such customers.

Section 2. The Agency hereby ratifies, confirms and approves all actions heretofore taken by the Chief Executive Officer / Executive Director and the staff of the Agency with respect to the Application, the IDA Meeting and the Public Hearing, including, without limitation, (a) those actions required to ensure full compliance with the requirements of the Act, SEQRA and all other Applicable Laws that relate to the Project, and (b) the appointment of the law firm of Harris Beach PLLC, Uniondale, New York, as Special Counsel to the Agency with respect to all matters in connection with the Project.

Section 3. The Agency hereby determines that the Agency has fully complied with the requirements of the Act, SEQRA and all other Applicable Laws that relate to the Project.

Section 4. Having considered fully all comments received at the Public Hearing or otherwise in connection with the Project, the Agency hereby further determines to proceed with the Project and the granting of the Financial Assistance.

Section 5. The Agency hereby approves the Applicants as the lessee/sublessee under the Lease with the Agency and hereby approves the Applicants as the recipient of the Financial Assistance.

Section 6. Based upon the representation and warranties made by the Applicant in its application for financial assistance, subject to the provisions of this resolution, the Agency hereby authorizes and approves the Company, as its agent, to make purchases of goods and services relating to the Project and that would otherwise be subject to New York State and local sales and use tax in an aggregate amount of up to \$2,900,000.00, which result in New York State and local sales and use tax exemption benefits ("sales and use tax exemption benefits") not to exceed \$250,125.00. There is no mortgage recording tax exemption granted for the Project.

Section 7. The Agency is hereby authorized to (a) acquire an interest in the Project Facility pursuant to the Conveyance Instrument, the Bill of Sale to Agency and the other Transaction Documents, (b) grant a leasehold interest in the Project Facility pursuant to the Lease and the other Transaction Documents, (c) grant the aforementioned Financial Assistance, (d) execute the PILOT Mortgage for the sole purpose of encumbering its interest in the Project Facility or accept such other collateral as the Chief Executive Officer / Executive Director shall determine to secure the performance by the Applicants of its obligations under the PILOT Agreement, (e) execute and deliver the Project Agreement for the purpose of, inter alia, appointing the Applicant as agent of the Agency, (f) execute one (1) or more fee and leasehold mortgage, assignment of rents and leases, and security agreements in favor of such bank, governmental agency or financial institution as the Applicant may determine (such bank, governmental agency or financial institution, the "Bank"), encumbering the Project Facility, solely to subject to the lien thereof its interest in the Project Facility, all to secure one (1) or more loans made by such Bank to the Applicant with respect to the Project Facility, and (g) do all things necessary, convenient or appropriate for the accomplishment thereof. All acts heretofore taken by the Agency with respect to the foregoing are hereby approved, ratified and confirmed.

Section 8. The form and substance of the Project Agreement, Conveyance Instrument, the Bill of Sale to Agency, the Lease, the Environmental Indemnification, the PILOT Agreement, the PILOT Mortgage and the other Transaction Documents, in the forms used by the

Agency with respect to prior projects, together with such changes as the Chairman, the Vice Chairman or the Chief Executive Officer / Executive Director may hereafter deem necessary or appropriate, are hereby approved. The Chairman, the Vice Chairman, the Chief Executive Officer / Executive Director, Chief Operating Officer and the Administrative Director are hereby authorized, on behalf of the Agency, acting together or individually, to execute and deliver the Conveyance Instrument, the Lease, the PILOT Agreement, the PILOT Mortgage, the other Transaction Documents, and any document with or in favor of the Bank to which the Agency is a party, and, where appropriate, the Secretary (or Assistant Secretary) of the Agency is hereby authorized to affix the seal of the Agency thereto and to attest the same. The execution and delivery of each such agreement, approval and consent by such person(s) shall be conclusive evidence of such approval.

Section 9. The Chairman, the Vice Chairman, the Chief Executive Officer/Executive Director, the Chief Operating Officer and the Administrative Director of the Agency are hereby further authorized, on behalf of the Agency, acting together or individually, to designate any additional Authorized Representatives (as defined in the Lease) of the Agency.

Section 10. The officers, employees and agents of the Agency are hereby authorized and directed, acting individually or jointly, for and in the name and on behalf of the Agency to do all acts and things required or provided for by the provisions of the Transaction Documents, to execute and deliver all such additional certificates, instruments, agreements and documents, to pay all such fees, charges and expenses, and to do all such further acts and things as may be necessary or, in the opinion of the officer, employee or agent acting, convenient or appropriate to effect the purposes of this Resolution and to cause compliance with all of the terms, covenants and provisions of the Transaction Documents to which the Agency is a party or which are binding on the Agency.

Section 11. The Agency recognizes that due to the complexities of the proposed transaction it may become necessary that certain of the terms approved hereby may require modifications from time to time which will not affect the intent and substance of the authorizations and approvals by the Agency herein. The Agency hereby authorizes the Chairman, Vice Chairman and Chief Executive Officer/Executive Director of the Agency, acting individually or jointly, to approve modifications to the terms approved hereby which do not affect the intent and substance of this Resolution. The approval of such modifications shall be evidenced by the certificate of determination of an Agency officer or the execution and delivery by some or all such Agency officers of relevant documents containing such modified terms.

Section 12. The members of the Agency acknowledge the terms and conditions of Section 875(3) of the Act and the duties and obligations of the Agency thereunder with respect to granting of State Sales and Use Taxes (as such term is defined in Section 875 of the Act) with respect to the Project. The members hereby direct the officers of the Agency to comply with such terms and conditions with respect to the Project and hereby direct Special Counsel to the Agency to include such terms and conditions in all relevant Transaction Documents.

Section 13. The Chairman, the Vice Chairman, the Chief Executive Officer/Executive Director, Chief Operating Officer and the Administrative Director of the Agency are hereby authorized and directed to distribute copies of this Resolution to the Applicants and to do such

further things or perform such acts as may be necessary or convenient to implement the provisions of this Resolution.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NASSAU COUNTY INDUSTRIAL DEVELOPMENT AGENCY AS FOLLOWS:

Section 1. Based upon a thorough review and examination of the Environmental Information and upon the Agency’s knowledge of the area surrounding the Land and such further investigation of the Project and its environmental effects as the Agency has deemed appropriate, the Agency makes the following findings with respect to the Project:

1. Impact on Land. The Project is not anticipated to create any potentially significant adverse impacts to land resources or land use. The Project consists of construction of an as-of-right development. The zoning and land use classification will not change as a result of the Project and the Project is consistent with surrounding uses, which are comprised of single family residential and commercial in nature. Accordingly, the Project is not anticipated to create any potentially significant adverse impacts to land resources or land use.
2. Impact on Water. No wetlands in the area are anticipated to be impacted. In addition, the Project is not located in a designated 100 or 500 year floodplain. The property has been previously disturbed and the renovation will not physically alter, or encroach into, any existing wetland or waterbody. Although the Project site is located over the Nassau-Suffolk sole source aquifer, no activities proposed for the Project are anticipated to impact groundwater or the aquifer, nor is renovation or

operation of such project anticipated to expose such aquifer to the undue threat of contamination.

3. Impact on Air. The Project will not be a significant source of air emissions. The Project does not entail the types of activities or operations that require the Applicant to acquire an Air Facility Permit or that are associated with a significant potential for air emissions. In addition, any increase in traffic associated with the Project is not anticipated to materially impact air quality as more specifically discussed in the Transportation section below, including based on various analyses completed regarding traffic. Any potential impact on air as a result of construction activities will be minor, and temporary in nature.
4. Impact on Health or Safety. The application provides that a neighboring was the subject of spill number 1611376 in the records of the NYSDEC and that NYSDEC records show that such spill is closed. There was no report of contamination disclosed for the Land.. The Project also does not entail the types of activities or operations that are associated with a significant potential for affecting public health. Accordingly, the Project will not create any significant adverse impact to public health, air, land or water resources.
5. Impact on Plants and Animals Including to Threatened or Endangered Species. The Land in the area of the Project does not appear to contain any habitats of significance as it is located in a well-developed commercial area. The NYSDEC Mapper indicates that the property does not contain a species of animal, or associated habitat listed as threatened or endangered. Accordingly, the improvements will not increase or substantially alter existing environmental conditions on the Land.
6. Impact on Agricultural Land Resources. The Project is located in an area currently devoted to residential and commercial uses. As a result it will not involve the conversion or loss of agricultural land resources. Accordingly, the Project will not create any significant adverse impacts to agricultural land resources.
7. Impact on Aesthetic Resources. The Project will not be visible from any officially designated federal, state or local scenic or aesthetic resource. The property is situated in a developed residential and commercial area, as indicated with is zoned for uses consistent with the Project with is also consistent with surrounding uses. As the proposed Project is a commercial office use, consistent with its surroundings and historic uses of the site, it is not anticipated to create any significant adverse impacts to aesthetic resources.
8. Impact on Historic and Archeological Resources. The property on which the Project is to be located does not contain, nor is it adjacent to, a building, structure or archeological site designated by the NYS Historic

Preservation Office as a resource, nor is it located within a district which is listed on, or that has been nominated to, the State or National Register of Historic Places. Areas near the property on which the Project is to be located have been previously developed and lack the characteristics that would suggest the potential presence of any significant archaeological resources. Accordingly, the Project will not create any significant adverse impacts to historical or archaeological resources.

9. Impact on Open Space and Recreation. The property on which the Project is to be located and adjacent areas around it do not comprise public open space as it is devoted to residential and commercial uses. Further, the redevelopment occurring on the property at issue is not anticipated to impact any open space or recreational resources, including any parks or park features in vicinity thereto. Accordingly, the Project will not create any significant adverse impacts to open space or recreational resources.
10. Impact on Critical Environmental Areas. The property on which the Project is to be developed is not located in or substantially contiguous to any Critical Environmental Area (“CEA”) based on a review of the EAF Mapper associated with such property. Accordingly, the Project will not create any significant adverse impacts to any CEA.
11. Impact on Transportation. Based upon the EAF, the Project will not result in a substantial increase in traffic above capacity of current traffic infrastructure, nor is it expected to generate substantial new demand for transportation facilities or services/infrastructure. Further, anticipated traffic associated with the operation of the Project is also not anticipated to result in significant negative effects and consistent with the historic commercial uses of the property. Any impacts to transportation from renovation activities associated with the Project will be minor and temporary in nature. Accordingly, it is not anticipated that that Project will create any significant adverse impacts to transportation.
12. Impact on Energy. The Project may result in an increase in energy usage, however, existing utilities serve the area where the Project will be developed and are anticipated to have adequate capacity to serve it. As a result, the Project will not create any significant adverse impacts to energy.
13. Impact on Noise and Odor and Impacts from Light. The Project is not expected to materially increase ambient noise levels or to create odors of consequence particularly in light of such project setting including the Project site location. As a result, it is not anticipated that operation of the Project will result in undue noise impacts. Further, any impacts to noise and/or odor from construction activities will be minor, and temporary in nature. In addition, any such noise from construction will be undertaken during work hours and as such is not anticipated to be significant.

Accordingly, the Project will not create any significant adverse impacts to noise or odors.

14. Impact on Growth and Character of the Community and Neighborhood.
The Project is not anticipated to result in significant growth out of character or beyond the capacity of the area to accommodate same in light of the zoning of the site of said project and surrounding uses. In sum, the Project is similar and is in character with surrounding uses. Accordingly, the Project is not anticipated to create any significant adverse impacts to the growth or character of the community.

NOW THEREFORE BE IT FURTHER RESOLVED:

Section 2.

Based on the foregoing, the Agency finds that the Project will not have any significant adverse impact on the environment in accordance with the New York State Environmental Quality Review Act, Article 8 of the New York Environmental Conservation Law and, in particular, pursuant to the criteria set forth at 6 NYCRR §617.7(b)-(c) of the SEQRA regulations and as such, no environmental impact statement shall be prepared.

Section 3. The Chairman, the Vice Chairman, the Executive Director and the Administrative Director of the Agency are hereby further authorized on behalf of the Agency, or acting together or individually, to distribute copies of this Resolution to the Applicant and to do such further things or perform such acts as may be necessary or convenient to implement the provisions of this Resolution.

Section 4. This Resolution shall take effect immediately.

WHEREAS, to accomplish its stated purposes, the Agency is authorized and empowered under the Act to acquire, construct, reconstruct and install one or more “projects” (as defined in the Act) or to cause said projects to be acquired, constructed, reconstructed and installed and to convey said projects or to lease said projects with the obligation to purchase; and

WHEREAS, WEGO CHEMICAL GROUP LP, a limited partnership organized and existing under the laws of the State of Delaware and qualified to do business in the State of New York, together with entities formed or to be formed on its behalf (collectively, the “Applicant”), have presented an application for financial assistance (the “Application”) to the Agency, which Application requests that the Agency consider undertaking a project (the “Project”) consisting of the following: (A)(1) the acquisition of an approximately 0.464 acre parcel of land located at 277 Northern Blvd, Village of Russell Gardens, Town of North Hempstead, Nassau County, New York (Section 2; Block: 241; Lot: 323) (the “Land”), (2) the renovation of an existing building totaling approximately 27,170 square feet (the “Building”), on the Land, together with related improvements to the Land, (3) the acquisition of certain furniture, fixtures, machinery and equipment (the “Equipment”) necessary for the completion thereof (collectively, the “Project Facility”), all of the foregoing for use by the Applicant for its corporate headquarters and as a multi-tenant office building, together with surface parking; (B) the granting of certain “financial assistance” (within the meaning of Section 854(14) of the General Municipal Law) with respect to the foregoing in the form of potential exemptions or partial exemptions from real property taxes, mortgage recording taxes and sales and use taxes (collectively, the “Financial Assistance”); and (C) the lease (with an obligation to purchase), license or sale of the Project Facility to the Applicant or such other entity as may be designated by the Applicant and agreed upon by the Agency; and

WHEREAS, the Application states that the Applicant is seeking an exemption from real property taxes with respect to the Project Facility that constitutes a deviation from the Agency's Uniform Tax Exemption Policy (the "Tax Exemption Policy"); and

WHEREAS, pursuant to Section 874(4) of the Act, (A) the Executive Director of the Agency caused a letter dated April 14, 2022 (the "Pilot Deviation Notice Letter") mailed to the chief executive officer of each affected tax jurisdiction, informing said individuals that the Agency would, at its meeting on April 28, 2022 (the "IDA Meeting"), continue to consider a proposed deviation from the Tax Exemption Policy with respect to the payments in lieu of real property taxes to be made pursuant to a payment in lieu of taxes agreement to be entered into by the Agency with respect to the Project Facility; and (B) the members of the Agency conducted the IDA Meeting on the date hereof and reviewed any comments and correspondence received with respect to the proposed deviation from the Tax Exemption Policy; and

WHEREAS, the Agency desires to provide for compliance with the provisions of Section 874(4) of the Act with respect to the proposed deviation from the Tax Exemption Policy;

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF NASSAU COUNTY INDUSTRIAL DEVELOPMENT AGENCY, AS FOLLOWS:

Section 1. Prior to making the determinations set forth in this resolution, the members of the Agency have considered the following factors set forth in the Tax Exemption Policy: (1) the extent to which the Proposed Project would create or retain permanent jobs; (2) the extent to which the Proposed Project would create construction jobs; (3) the estimated value of tax exemptions to be provided with respect to the Proposed Project; (4) the amount of private sector investment generated or likely to be generated by the Proposed Project; (5) the likelihood of the Proposed Project being accomplished in a timely manner; (6) the extent of new revenue that would be provided to affected tax jurisdictions as a result of the Proposed Project; (7) whether affected tax jurisdictions would be reimbursed by the Applicant if a Proposed Project does not fulfill the purposes for which an exemption was provided, (8) the impact of the Proposed Project on existing and proposed businesses and economic development projects in the vicinity, (9) the demonstrated public support for the Proposed Project, (10) the effect of the Proposed Project on the environment, (11) the extent to which the Proposed Project would require the provision of additional services, including, but not limited to, additional educational, transportation, police, emergency, medical or fire services, and (12) any other miscellaneous public benefits that might result from the Proposed Project.

Section 2. The Agency hereby determines that the Agency has fully complied with the requirements of Section 874(4) of the Act relating to the proposed deviation from the Tax Exemption Policy.

Section 3. Having reviewed all comments and correspondence received at or prior to the IDA Meeting, the Agency hereby approves the proposed deviation from the Tax Exemption Policy as described in the Pilot Deviation Notice Letter (a copy of which is attached hereto as Exhibit A) because the proposed deviation is necessary to induce the Applicant to undertake the Proposed Project and because the PILOT payments would not be lower than the real property

taxes that should otherwise apply with respect to the Land and the existing improvements thereon as of the closing date of the transaction.

Section 4. The Chairman, the Vice Chairman, the Chief Executive Officer/Executive Director, Chief Operating Officer and the Administrative Director of the Agency are each hereby authorized and directed, acting individually or jointly, to distribute copies of this Resolution to the Applicant and to do such further things or perform such acts as may be necessary or convenient to implement the provisions of this Resolution. If the Agency hereafter adopts appropriate final approving resolutions with respect to the proposed straight-lease transaction with the Applicant (the “Transaction”), the Chairman, the Vice Chairman, the Chief Executive Officer/Executive Director, Chief Operating Officer and the Administrative Director of the Agency are each hereby authorized and directed, acting individually or jointly, to cause the Agency to (A) enter into a Payment in Lieu of Taxes Agreement with the Applicant, providing, among other things, that the Applicant shall make payments in lieu of taxes consistent with the formula set forth in the Pilot Deviation Notice Letter, and (B) file an application for real property tax exemption with the appropriate assessor(s) with respect to the Project Facility.

Section 5. This Resolution shall take effect immediately, but is subject to and conditioned upon the closing of the Transaction.

The question of the adoption of the foregoing Resolution was duly put to a vote on roll call, which resulted as follows:

Richard Kessel	VOTING
Chris Fusco	VOTING
John Coumatos	VOTING
Timothy Williams	VOTING
Reginald A. Spinello	VOTING
William H. Rockensies	VOTING

The foregoing Resolution was thereupon declared duly .

NOTICE OF PROPOSED DEVIATION FROM
UNIFORM TAX EXEMPTION POLICY

Ladies and Gentlemen:

Notice is hereby given that at a meeting of the Nassau County Industrial Development Agency (the "Agency") to be held on April 28, 2022 at 6:30 p.m. local time and to be conducted in the Nassau County Legislative Chamber, 1550 Franklin Avenue, Mineola, New York 11501, the Agency will consider whether to approve the application of the Applicant (as defined below), for certain "financial assistance" which, if granted, would deviate from the Agency's Uniform Tax Exemption Policy (the "Policy") with respect to the payment of real property taxes. The meeting of the Agency will be open to the public.

At the meeting of the Agency, the Agency will consider the application of WEGO CHEMICAL GROUP LP, a limited partnership organized and existing under the laws of the State of Delaware and qualified to do business in the State of New York, together with entities formed or to be formed on its behalf (collectively, the "Applicant"), which have presented an application for financial assistance (the "Application") to the Agency, which Application requests that the Agency consider undertaking a project (the "Project") consisting of the following: (A)(1) the acquisition of an approximately 0.464 acre parcel of land located at 277 Northern Blvd, Village of Russell Gardens, Town of North Hempstead, Nassau County, New York (Section 2; Block: 241; Lot: 323) (the "Land"), (2) the renovation of an existing building totaling approximately 27,170 square feet (the "Building"), on the Land, together with related improvements to the Land, (3) the acquisition of certain furniture, fixtures, machinery and equipment (the "Equipment") necessary for the completion thereof (collectively, the "Project Facility"), all of the foregoing for use by the Applicant for its corporate headquarters and as a multi-tenant office building, together with surface parking; (B) the granting of certain "financial assistance" (within the meaning of Section 854(14) of the General Municipal Law) with respect to the foregoing in the form of potential exemptions or partial exemptions from real property taxes, mortgage recording taxes and sales and use taxes (collectively, the "Financial Assistance"); and (C) the lease (with an obligation to purchase), license or sale of the Project Facility to the Applicant or such other entity as may be designated by the Applicant and agreed upon by the Agency.

The Application states that the Applicant is seeking an abatement of real property taxes. However, based upon preliminary negotiations between representatives of the Applicant and the Agency, the parties contemplate that the Agency may agree to grant an approximately twenty (20) year real property tax exemption (the "Property Tax Exemption") with respect to the Project Facility as follows: payments shall be equal to one hundred percent (100%) of the real property taxes and assessments that should be levied upon the Project Facility as of the closing date of the Project transaction without taking into consideration the transfer of ownership, jurisdiction, supervision or control of the Project Facility to the Agency (the "Base Year PILOT Amount"), which Base Year PILOT Amount would be payable each fiscal tax year for a period of four (4) fiscal tax years without increase, followed by a period of sixteen (16) fiscal tax years with annual increases of 2.00% per year (compounded) each fiscal tax year (i.e. years 5-20 of the term of the PILOT) (collectively the "PILOT Term").

In calculating the Base Year PILOT Amount with respect to the applicable Project Facility, the Agency shall take into account the most recent assessment data (i.e., assessed value and tax rates) available as of the closing as if the applicable Project Facility was on the tax rolls as taxable property, including, without limitation, any applicable approved tax certiorari stipulation or other settlement or arrangement with the applicable tax assessor(s) or the report of a tax consultant satisfactory to the Agency. The applicable Base Year PILOT Amount shall be reduced by any special taxes, assessments or levies that the Applicant is required to pay separately to the affected tax jurisdictions.

Thereafter, and through the end of the term of the lease or installment sale agreement with respect to the Project Facility, the payments would be equal to the real property taxes and assessments that would be payable as if such Project Facility were returned to the tax rolls as taxable property and subject to taxation at its then current, full assessed value, as the same may be reassessed from time to time, and subject to tax rate increases imposed by the affected tax jurisdictions.

The Property Tax Exemption shall commence the first fiscal tax year of each of the affected tax jurisdictions following the first taxable status following the closing of the proposed transaction and filing of the appropriate application(s) for exemption. Each annual PILOT Payment with respect to the Project Facility shall be allocated among the affected tax jurisdictions in proportion to the amount of real property taxes that would have been received by each affected tax jurisdiction had the Project Facility not been tax exempt due to the status of the Agency.

The PILOT Payments shall not increase or decrease during the term of the PILOT Agreement. The PILOT Payments shall be reduced by any special taxes, assessments or levies that the Applicant is required to pay separately to the affected tax jurisdictions.

The Property Tax Exemption, if approved by the Agency, would constitute a deviation from the Policy.

The reason for the deviation is that the Property Tax Exemption, if approved by the Agency, is necessary to induce the Applicant to undertake the Project and that the PILOT Payments would not be lower than the real property taxes that should otherwise apply with respect to the Land and the existing improvements thereon as of the Closing Date.

Sincerely,

NASSAU COUNTY INDUSTRIAL
DEVELOPMENT AGENCY

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NASSAU COUNTY INDUSTRIAL DEVELOPMENT AGENCY AS FOLLOWS:

Section 1. The Agency has reviewed the Application and the Report and, based upon the representations made by the Applicant to the Agency and the facts and information obtained by the Staff of the Agency and reported to and reviewed by the members of the Agency at this meeting (including, without limitation, the facts and information set forth in the Staff Review of the Application), the Agency has reviewed and assessed all material information necessary to afford a reasonable basis for the Agency to make a determination to approve the Financial Assistance. In addition, the Agency makes the following findings and determinations with respect to the Project:

(a) based on the proposed use of the Project Facility as set forth in the Application, the economic effects of the Project on the area in which it is situated including the prevention of economic deterioration, the job opportunities to be created and/or maintained by the Project, the Project will constitute a commercial facility and, therefore, the Project constitutes a "project" within the meaning of the Act;

(b) the granting of the Financial Assistance by the Agency to the Applicants is necessary to induce the Applicants to proceed with the Project;

(c) there is a likelihood that the Project would not be undertaken but for the granting of the Financial Assistance by the Agency to the Applicants;

(d) although the undertaking of the Project may result in the removal of a facility or plant of the Applicant from one area of the State of New York to another

area of the State of New York or in the abandonment of one or more plants or facilities of the Applicant located in the State of New York (but within the County), the undertaking of the Project is reasonably necessary to (i) preserve the competitive position of the Applicant in its industry, and (ii) discourage the Applicant from removing such other facility or plant to a location outside the State of New York. Therefore, the provisions of subdivision (1) of Section 862 of the Act would not be violated as a result of the granting of the Financial Assistance by the Agency to the Applicant. Further, notice of the abandonment was sent to the effected municipality in accordance with Section 859-a(5)(d) of Title 1 of Article 18-A of the Act.

(e) the Project will serve the public purposes of the Act by preserving permanent, private sector jobs and increasing the overall number of permanent, private sector jobs in the State;

(f) no funds of the Agency shall be used in connection with the Project for the purpose of preventing the establishment of an industrial or manufacturing plant, nor shall any funds of the Agency be given in connection with the Project to any group or organization which is attempting to prevent the establishment of an industrial or manufacturing plant within the State, nor shall any funds of the Agency be used for advertising or promotional materials which depict elected or appointed government officials in either print or electronic media;

(g) the granting of the Financial Assistance by the Agency with respect to the Project will promote the job opportunities, health, general prosperity and economic welfare of the inhabitants of Nassau County, New York and the State, will improve their standard of living, and will prevent unemployment and economic deterioration, and thereby serves the public purposes of the Act; and

(h) the Project Facility does not and will not constitute a project where facilities or property that are primarily used in making retail sales of goods and/or services to customers who personally visit such facilities constitute more than one-third of the total cost of the Project. For purposes of this finding, retail sales shall mean: (i) sales by a registered vendor under Article 28 of the New York Tax Law primarily engaged in the retail sale of tangible personal property, as defined in subparagraph (i) of paragraph four of subdivision (b) of section 1101 of the New York Tax Law; or (ii) sales of a service to such customers.

Section 2. The Agency hereby ratifies, confirms and approves all actions heretofore taken by the Chief Executive Officer / Executive Director and the staff of the Agency with respect to the Application, the IDA Meeting and the Public Hearing, including, without limitation, (a) those actions required to ensure full compliance with the requirements of the Act, SEQRA and all other Applicable Laws that relate to the Project, and (b) the appointment of the law firm of Harris Beach PLLC, Uniondale, New York, as Special Counsel to the Agency with respect to all matters in connection with the Project.

Section 3. The Agency hereby determines that the Agency has fully complied with the requirements of the Act, SEQRA and all other Applicable Laws that relate to the Project.

Section 4. Having considered fully all comments received at the Public Hearing or otherwise in connection with the Project, the Agency hereby further determines to proceed with the Project and the granting of the Financial Assistance.

Section 5. The Agency hereby approves the Applicants as the lessee/sublessee under the Lease with the Agency and hereby approves the Applicants as the recipient of the Financial Assistance.

Section 6. Based upon the representation and warranties made by the Applicant in its application for financial assistance, subject to the provisions of this resolution, the Agency hereby authorizes and approves the Company, as its agent, to make purchases of goods and services relating to the Project and that would otherwise be subject to New York State and local sales and use tax in an aggregate amount of up to \$2,800,000.00, which result in New York State and local sales and use tax exemption benefits ("sales and use tax exemption benefits") not to exceed \$241,500.00 and approves a maximum mortgage recording tax exemption in an amount not to exceed \$56,250.00.

Section 7. The Agency is hereby authorized to (a) acquire an interest in the Project Facility pursuant to the Conveyance Instrument, the Bill of Sale to Agency and the other Transaction Documents, (b) grant a leasehold interest in the Project Facility pursuant to the Lease and the other Transaction Documents, (c) grant the aforementioned Financial Assistance, (d) execute the PILOT Mortgage for the sole purpose of encumbering its interest in the Project Facility or accept such other collateral as the Chief Executive Officer / Executive Director shall determine to secure the performance by the Applicants of its obligations under the PILOT Agreement, (e) execute and deliver the Project Agreement for the purpose of, inter alia, appointing the Applicant as agent of the Agency, (f) execute one (1) or more fee and leasehold mortgage, assignment of rents and leases, and security agreements in favor of such bank, governmental agency or financial institution as the Applicant may determine (such bank, governmental agency or financial institution, the "Bank"), encumbering the Project Facility, solely to subject to the lien thereof its interest in the Project Facility, all to secure one (1) or more loans made by such Bank to the Applicant with respect to the Project Facility, and (g) do all things necessary, convenient or appropriate for the accomplishment thereof. All acts heretofore taken by the Agency with respect to the foregoing are hereby approved, ratified and confirmed.

Section 8. The form and substance of the Project Agreement, Conveyance Instrument, the Bill of Sale to Agency, the Lease, the Environmental Indemnification, the PILOT Agreement, the PILOT Mortgage and the other Transaction Documents, in the forms used by the Agency with respect to prior projects, together with such changes as the Chairman, the Vice Chairman or the Chief Executive Officer / Executive Director may hereafter deem necessary or appropriate, are hereby approved. The Chairman, the Vice Chairman, the Chief Executive Officer / Executive Director, Chief Operating Officer and the Administrative Director are hereby authorized, on behalf of the Agency, acting together or individually, to execute and deliver the Conveyance Instrument, the Lease, the PILOT Agreement, the PILOT Mortgage, the other Transaction Documents, and any document with or in favor of the Bank to which the Agency is a party, and, where appropriate, the Secretary (or Assistant Secretary) of the Agency is hereby authorized to affix the seal of the Agency thereto and to attest the same. The execution and delivery of each such agreement, approval and consent by such person(s) shall be conclusive evidence of such approval.

Section 9. The Chairman, the Vice Chairman, the Chief Executive Officer/Executive Director, the Chief Operating Officer and the Administrative Director of the Agency are hereby further authorized, on behalf of the Agency, acting together or individually, to designate any additional Authorized Representatives (as defined in the Lease) of the Agency.

Section 10. Section 7. Resolutions 2019-53, 2019-113 and 2020-39 remain in full force and effect, except as amended and modified hereby.

Section 8. Based upon the representation and warranties made by the Applicant in its application for financial assistance, as amended, subject to the provisions of this resolution, the Agency hereby ratifies its prior authorization and approval of the Company, as its agent, to make purchases of goods and services relating to the Project and that would otherwise be subject to New York State and local sales and use tax in an aggregate amount of up to \$23,539,165.22, which result in New York State and local sales and use tax exemption benefits ("sales and use tax exemption benefits") not to exceed \$2,030,253.00 (inclusive of the additional Financial Assistance hereby approved), and ratifies the maximum mortgage recording tax exemption approval in an amount not to exceed \$427,500.00.

way except to the extent that the same can be paid or recovered from the Project Facility or the sale or liquidation of the Project Facility or revenues therefrom.

Section 10. No covenant, stipulation, obligation or agreement herein contained or contained in any Consent Document shall be deemed to be a covenant, stipulation, obligation or agreement of any member, officer, agent or employee of the Agency in his or her individual capacity and neither the members of the Agency nor any officer executing any Consent Document shall be liable personally on the Consent Documents or be subject to any personal liability or accountability by reason of the issuance thereof.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NASSAU COUNTY INDUSTRIAL DEVELOPMENT AGENCY, AS FOLLOWS:

Section 1. The Agency has reviewed the Application and the Report and, based upon the representations made by the Applicant to the Agency and the facts and information obtained by the Staff of the Agency and reported to and reviewed by the members of the Agency at this meeting (including, without limitation, the facts and information set forth in the Staff Review of the Application), the Agency has reviewed and assessed all material information necessary to afford a reasonable basis for the Agency to make a determination to approve the Additional Financial Assistance. In addition, the Agency makes the following findings and determinations with respect to the Project:

(a) based on the proposed use of the Project Facility as set forth in the Application, the economic effects of the Project on the area in which it is situated including the prevention of economic deterioration, the job opportunities to be created and/or maintained by the Project, the Project will constitute a commercial facility and, therefore, the Project constitutes a “project” within the meaning of the Act;

(b) the granting of the Additional Financial Assistance by the Agency to the Applicants is necessary to induce the Applicants to proceed with the Project;

(c) there is a likelihood that the Project would not be undertaken but for the granting of the Additional Financial Assistance by the Agency to the Applicants;

(d) the completion of the Project Facility by the Applicants as agent of the Agency, the lease thereof by the Agency to the Applicants and the operation thereof by the Applicants will not result in the removal of a facility or plant of the Applicants or any other proposed user, occupant or tenant of the Project Facility from one area of the State of New York (the “State”) to another area of the State or in the abandonment of one or more plants or facilities of the Applicants or any other proposed user, occupant or tenant of the Project Facility located within the State (but outside of Nassau County). Therefore, the provisions of subdivision (1) of Section 862 of the Act are not and will not be violated as a result of the granting of the Additional Financial Assistance by the Agency to the Applicants;

(e) the Project will serve the public purposes of the Act by preserving permanent, private sector jobs and increasing the overall number of permanent, private sector jobs in the State;

(f) no funds of the Agency shall be used in connection with the Project for the purpose of preventing the establishment of an industrial or manufacturing plant, nor shall any funds of the Agency be given in connection with the Project to any group or organization which is attempting to prevent the establishment of an industrial or manufacturing plant within the State, nor shall any funds of the Agency be used for advertising or promotional materials which depict elected or appointed government officials in either print or electronic media;

(g) the granting of the Additional Financial Assistance by the Agency with respect to the Project will promote the job opportunities, health, general prosperity and economic welfare of the inhabitants of Nassau County, New York and the State, will improve their standard of living, and will prevent unemployment and economic deterioration, and thereby serves the public purposes of the Act;

(h) The Project is located in the Waterfront Mixed Use zoning districts in the Village of Roslyn (the “Village”) and is presently developed with a warehouse. The Waterfront Mixed Use district allows for multifamily dwellings subject to certain requirements. The Village Board of Trustees granted a Special Permit for the proposed use and waivers from the Village Code requirements to permit the construction of the Project Facility by resolution dated October 20, 2020. Taking into account the stated purposes of the Act being the promotion of employment opportunities and the prevention of economic deterioration and having reviewed (i) the amended Economic Impact Study dated April 18, 2022 prepared by Camoin Associates for the Agency regarding the costs benefits and other economic impacts of the Project, (ii) the updated Cost Benefit Analysis Substantiation of Need for Nassau County IDA Financial Assistance, dated April 7, 2022 prepared by National Development Council finding considerable public benefits, including the maximization of land use, the addition of needed affordable units, the elimination of blight and the resulting addition of disposable income due to the Project, such analysis provides that the anticipated taxes, without Agency benefits, would render the project not financially viable and concludes “[b]ut for’ the proposed financial incentive package, the development is not considered financially feasible, as the developer would not be able to generate sufficient financial returns” and (iii) the Special Permit, the Agency hereby finds that the undertaking of the Project constitutes a commercial activity as it promotes the creation of employment opportunities, the revitalization of the Village of Roslyn downtown and the prevention of economic deterioration.

(i) the Project Facility does not and will not constitute a project where facilities or property that are primarily used in making retail sales of goods and/or services to customers who personally visit such facilities constitute more than one-third of the total cost of the Project. For purposes of this finding, retail sales shall mean: (i)

sales by a registered vendor under Article 28 of the New York Tax Law primarily engaged in the retail sale of tangible personal property, as defined in subparagraph (i) of paragraph four of subdivision (b) of section 1101 of the New York Tax Law; or (ii) sales of a service to such customers; and

(j) the Project will not result in the removal or abandonment of a plant or facility of the Applicants, or of a proposed user, occupant or tenant of the Project Facility, currently located within Nassau County.

Section 2. The Agency hereby ratifies, confirms and approves actions heretofore taken by the Chief Executive Officer/Executive Director and the staff of the Agency with respect to the Consent and Waiver and other matters contemplated by this Resolution, including, without limitation, those actions required to ensure full compliance with the requirements of the Act, Article 8 of the Environmental Conservation Law (the “SEQR Act”) and the regulations adopted pursuant thereto (the “Regulations” and together with the SEQR Act, collectively, “SEQRA”), and all other Applicable Laws that relate thereto.

Section 3. The Agency determines that the Applicant's request with respect to previously approved and unchanged Project is a Type II Action pursuant to SEQRA involving “continuing agency administration” which does not involve “new programs or major reordering of priorities that may affect the environment” (6 NYCRR §617.5(c)(20)) and therefore no Findings or determination of significance are required under SEQRA.

Section 4. The Agency hereby determines that the Agency has fully complied with the requirements of the Act, SEQRA and all other Applicable Laws that relate to the requested consents.

Section 5. The Agency reaffirms its approval of the Applicants as the lessee/sublessee under the Lease with the Agency and hereby reaffirms its approves the Applicants as the recipient of the 2021 Financial Assistance, in addition to its approval of the Amended Financial Assistance.

Section 6. The members of the Agency acknowledge the terms and conditions of Section 875(3) of the Act and the duties and obligations of the Agency thereunder with respect to granting of State Sales and Use Taxes (as such term is defined in Section 875 of the Act) with respect to the Project. The members hereby direct the officers of the Agency to comply with such terms and conditions with respect to the Project and hereby direct Special Counsel to the Agency to include such terms and conditions in all relevant Transaction Documents.

Based upon the representation and warranties made by the Applicant in its application for Additional Financial Assistance, subject to the provisions of this resolution, the Agency hereby authorizes and approves the Applicant, as its agent, to make purchases of goods and services relating to the Project and that would otherwise be subject to New York State and local sales and use tax in an aggregate amount of up to \$34,216,670.00, which result in New York State and local sales and use tax exemption benefits (“sales and use tax exemption benefits”) not to exceed \$1,214,576.00 and approves a maximum mortgage recording tax exemption in an amount not to exceed \$237,216.00.

Section 7. The Agency is hereby authorized to (a) acquire an interest in the Project Facility pursuant to the Conveyance Instrument, the Bill of Sale to Agency and the other Transaction Documents, (b) grant a leasehold interest in the Project Facility pursuant to the Lease and the other Transaction Documents, (c) grant the aforementioned 2021 Financial Assistance and Amended financial Assistance, (d) execute the PILOT Mortgage for the sole purpose of encumbering its interest in the Project Facility or accept such other collateral as the Chief Executive Officer / Executive Director shall determine to secure the performance by the Applicant of its obligations under the PILOT Agreement, (e) execute one (1) or more fee and leasehold mortgage, assignment of rents and leases, and security agreements in favor of such bank, governmental agency or financial institution as the Applicant may determine (such bank, governmental agency or financial institution, the "Bank"), encumbering the Project Facility, solely to subject to the lien thereof its interest in the Project Facility, all to secure one (1) or more loans made by such Bank to the Applicant with respect to the Project Facility, and (f) do all things necessary, convenient or appropriate for the accomplishment thereof. All acts heretofore taken by the Agency with respect to the foregoing are hereby approved, ratified and confirmed.

Section 8. The form and substance of the Project Agreement, the Conveyance Instrument, the Bill of Sale to Agency, the Lease, the Environmental Indemnification, the PILOT Agreement, the PILOT Mortgage and the other Transaction Documents, in the forms used by the Agency with respect to prior projects, together with such changes as the Chairman, the Vice Chairman or the Chief Executive Officer/Executive Director may hereafter deem necessary or appropriate, are hereby approved. The Chairman, the Vice Chairman, the Chief Executive Officer / Executive Director, Chief Operating Officer and the Administrative Director are hereby authorized, on behalf of the Agency, acting together or individually, to execute and deliver the Conveyance Instrument, the Lease, the PILOT Agreement, the PILOT Mortgage, the other Transaction Documents, and any document with or in favor of the Bank to which the Agency is a party, and, where appropriate, the Secretary (or Assistant Secretary) of the Agency is hereby authorized to affix the seal of the Agency thereto and to attest the same. The execution and delivery of each such agreement, approval and consent by such person(s) shall be conclusive evidence of such approval.

Section 9. The Chairman, the Vice Chairman, the Chief Executive Officer/Executive Director, the Chief Operating Officer and the Administrative Director of the Agency are hereby further authorized, on behalf of the Agency, acting together or individually, to designate any additional Authorized Representatives (as defined in the Lease) of the Agency.

Section 10. The officers, employees and agents of the Agency are hereby authorized and directed, acting individually or jointly, for and in the name and on behalf of the Agency to do all acts and things required or provided for by the provisions of the Transaction Documents, to execute and deliver all such additional certificates, instruments, agreements and documents, to pay all such fees, charges and expenses, and to do all such further acts and things as may be necessary or, in the opinion of the officer, employee or agent acting, convenient or appropriate to effect the purposes of this Resolution and to cause compliance with all of the terms, covenants and provisions of the Transaction Documents to which the Agency is a party or which are binding on the Agency.

Section 11. WHEREAS, 83 HARBOR LLC, a limited liability company organized and existing under the laws of the State of New York (the “Company”) on behalf of itself and entities formed or to be formed on its behalf, including without limitation, Tonsa Automotive, Inc., a corporation organized and existing under the laws of the State of New York (the “Sublessee” and together with the Company, the “Applicant”), has presented an application for financial assistance (the “Application”) to the Agency, which Application requests that the Agency consider undertaking a project (the “Project”) consisting of the following: : (A)(1) the acquisition of an approximately 5.16 acre parcel of land located at 83 Harbor Drive, Port Washington, Village of Port Washington North, Town of North Hempstead, Nassau County, New York (Section: 04; Block: J; Lot: 730) (the “Land”), (2) the acquisition of and improvement to an existing, approximately, 82,037 square foot warehouse and office facility on the Land (collectively, the “Building”), together with related improvements to the Land, and (3) the acquisition of certain furniture, fixtures, machinery and equipment (the “Equipment”) necessary for the completion thereof (collectively, the “Project Facility”), all of the foregoing for use by the Applicant as a warehouse, distribution center and corporate office facility for Applicant’s automotive parts supply business; (B) the granting of certain “financial assistance” (within the meaning of Section 854(14) of the General Municipal Law) with respect to the foregoing in the form of potential exemptions or partial exemptions from real property taxes, mortgage recording taxes and sales and use taxes (collectively, the “Financial Assistance”); and (C) the lease (with an obligation to purchase), license or sale of the Project Facility to the Applicant or such other entity as may be designated by the Applicant and agreed upon by the Agency; and

WHEREAS, the Agency is willing to consent to the Proposed Consent and ratify the Approving Resolution, subject to the terms of this Resolution;

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NASSAU COUNTY INDUSTRIAL DEVELOPMENT AGENCY, AS FOLLOWS:

Section 9. No covenant, stipulation, obligation or agreement herein contained or contained in any Consent Document shall be deemed to be a covenant, stipulation, obligation or agreement of any member, officer, agent or employee of the Agency in his or her individual capacity and neither the members of the Agency nor any officer executing any Consent Document shall be liable personally on the Consent Documents or be subject to any personal liability or accountability by reason of the issuance thereof.

The Chairman and Chief Executive Officer/Executive Director of the Agency are each hereby authorized to approve modifications to the terms approved herein which are not inconsistent with the intent and substance of this Resolution, such approval to be evidenced by the execution by any one of such officers of the Consent Documents containing such modifications.

Section 11. Notwithstanding any provision in the Transaction Documents to the contrary, the Agency's consent does not and shall not be construed to mean that there are no defaults or events of default under the Project Agreement or any other Transaction Document or that any such defaults or events of default have been or shall be waived by the Agency.
