Nestle Waters is requesting that the Agency extend the PILOT Agreement for a period of ten (10) years and provide Nestle Waters with a sales tax exemption with respect to certain renovations and installations needed to bring the Facility up to the standard of Nestle Waters' other facilities.

With the PILOT Agreement scheduled to expire on June 30, 2019, the parties expect a substantial increase in the real estate taxes imposed on the Facility. Based on a rough investigation of comparable properties in Nassau County, the parties expect real estate taxes to more than double what was owed during the last year of the PILOT Agreement. Pursuant to the provisions of the Sublease, Nestle Waters would be obligated to either pay the entirety of such increase or terminate the Sublease and vacate the Facility.

It is unlikely that Nestle Waters would elect to stay at the Facility, pay the increased taxes and undertake the costs of such improvements without the Agency's continued assistance. Given the high costs of operating in Nassau County (including the high real estate taxes, wages, utility costs and shipping costs), Nestle Waters will be forced to strongly consider relocating the operations currently performed at the Facility to facilities located outside of Nassau County and outside of New York State. In addition, as a division of a publicly traded company, Nestle Waters requires stability and predictability in its real property tax burdens. As such, given the number of reassessments performed in Nassau County in the recent past, locking in payments under the

PILOT Agreement for another ten (10) years would provide Nestle Waters with additional incentive to remain in Nassau County.

Nestle Waters has nearby facilities in New Jersey and Connecticut either of which would be likely locations for Nestle Waters. Because of the character of Nestle Waters' business, it has the ability to re-locate this particular operation anywhere within the northeast region. Nestle Waters desires to remain in Nassau County given their long history of operating in Nassau County, however, without additional financial assistance from the Agency, Nestle Waters will not be able to maintain its market position unless it relocates to a lower cost state.

If Nestle Waters were to not receive the continued financial assistance from the Agency and relocated, the impact on Nassau County would be significant. Not only would the lost jobs create a hardship for the particular employees but the lost employment would have a ripple effect in the economy.

The continued annual growth of Nestle Waters has been a constant during the term of the 2008 Transaction. Nestle Waters anticipated and guaranteed to the Agency that it would maintain one hundred and one (101) full time jobs at the Facility and Nestle Waters has well overpermed that number. With the assistance of the Agency, Nestle Waters is willing to commit to raising the minimum jobs requirement by approximately fifteen (15%) percent to one hundred and seventeen (117) full time jobs and hopes to maintain even more than that level.

As the Sublease is currently scheduled to expire on October 31, 2024, in coordination with the closing of an extension of the PILOT Agreement, Nestle Waters would also exercise its five (5) year renewal option, extending the term of the Sublease to October 31, 2029.

Supplement to Part II(H)(b).

There are tax certiorari proceedings pending for the 2016/2017, 2017/2018, 2018/2019 and the 2019/2020 tax years. A tax certiorari proceeding for the 2020/2021 tax year is planned. There have been no settlements or determinations made with respect to such proceedings and no pleadings have been filed.
