Resolution adopting a determination and finding under the New York State Environmental Quality Review Act

A regular meeting of the Nassau County Industrial Development Agency (the "Agency") was convened in public session at the Theodore Roosevelt Executive & Legislative Building, Legislative Chambers, 1st Floor, 1550 Franklin Avenue, Mineola, Nassau County, New York on June 22, 2023 at 6:45 p.m., local time.

The meeting was called to order by the Chairman, upon roll being called, the following members of the Agency were:

PRESENT:

William H. Rockensies Chairman
John Coumatos Asst. Treasurer
Reginald A. Spinello
Raymond Pinto
Marco Troiano

THE FOLLOWING PERSONS WERE ALSO PRESENT:

Sheldon L. Shrenkel

Anne LaMorte

Colleen Pereira

Carlene Wynter

Nicole Gil

Chief Executive Officer/Executive Director

Chief Financial Officer

Administrative Director

Compliance Assistant

Administrative Assistant

Judge Anthony Marano Agency Counsel

Andrew D. Komaromi, Esq. Bond/Transactional Counsel Paul V. O'Brien, Esq. Bond/Transactional Counsel

EXCUSED:

Catherine Fee Director of Business Development/Chief

Marketing Officer

Victor LaGreca

The attached resolution No. 2023-46 was offered by Reginald A. Spinello, seconded by Raymond Pinto.

Resolution No. 2023-46

RESOLUTION FINDING THAT AN ACTION TO UNDERTAKE THE ACQUISITION AND STRAIGHT LEASING OF A CERTAIN PROJECT FOR AR HICKSVILLE LLC WILL NOT HAVE A SIGNIFICANT ADVERSE IMPACT ON THE ENVIRONMENT

Project Name: AR HICKSVILLE LLC 2023

Location: 99 Newbridge Road, 4 Duffy Avenue and 2-10 Jerusalem Avenue,

Hicksville, Town of Oyster Bay, Nassau County, New York (Section: 11;

Block: G; Lot: 4, 30 and 235)

SEQRA Status: Unlisted

WHEREAS, the Nassau County Industrial Development Agency (the "Agency") is authorized and empowered by the provisions of Chapter 1030 of the 1969 Laws of New York, constituting Title I of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of New York, as amended (the "Enabling Act"), and Chapter 674 of the 1975 Laws of New York, as amended, constituting Section 922 of said General Municipal Law (said Chapter and the Enabling Act being hereinafter collectively referred to as the "Act") to promote, develop, encourage and assist in the acquiring, constructing, reconstructing, improving, maintaining, equipping and furnishing of manufacturing, industrial and commercial facilities, among others, for the purpose of promoting, attracting and developing economically sound commerce and industry to advance the job opportunities, health, general prosperity and economic welfare of the people of the State of New York, to improve their prosperity and standard of living, and to prevent unemployment and economic deterioration; and

WHEREAS, to accomplish its stated purposes, the Agency is authorized and empowered under the Act to acquire, construct, reconstruct and install one or more "projects" (as defined in the Act) or to cause said projects to be acquired, constructed, reconstructed and installed and to convey said projects or to lease said projects with the obligation to purchase; and

WHEREAS, AR HICKSVILLE LLC, a limited liability company organized and existing under the laws of the State of Delaware and authorized to do business in the State of New York (the "Applicant"), has presented an application for financial assistance (the "Application") to the Agency, which Application requests that the Agency consider undertaking a project (the "Project") consisting of the following: (A)(1) the acquisition of a 2.162 acre parcel of land located at 99 Newbridge Road, 4 Duffy Avenue and 2-10 Jerusalem Avenue, Hicksville, Town of Oyster Bay, Nassau County, New York (Section: 11; Block: G; Lot: 4, 30 and 235) (the "Land"), (2) the construction of an approximately 382,725 square foot building, consisting of 233,517 square feet for occupied space and 149,208 square feet of structured parking (collectively, the "Building") on the Land, together with related improvements to the Land, (3) the acquisition of certain furniture, fixtures, machinery and equipment (the "Equipment") necessary for the completion thereof (collectively, the "Project Facility"), all of the foregoing for use by the Applicant as an approximately onehundred-eighty-nine (189) unit residential rental housing facility, including nineteen (19) affordable residential rental apartments, and approximately 7,660 square feet of retail space, together with surface parking; (B) the granting of certain "financial assistance" (within the meaning of Section 854(14) of the General Municipal Law) with respect to the foregoing in the form of potential exemptions or partial exemptions from real property taxes, mortgage recording taxes and sales and use taxes (collectively, the "Financial Assistance"); and (C) the lease (with an obligation to purchase), license or sale of the Project Facility to the Applicant or such other entity as may be designated by the Applicant and agreed upon by the Agency; and

WHEREAS, pursuant to Article 8 of the New York Environmental Conservation Law, Chapter 43-B of the Consolidated Laws of New York, as amended and the regulations adopted pursuant thereto by

the Department of Environmental Conservation of the State of New York, being 6 N.Y.C.R.R. Part 617.1, et. seq., as amended (the "Regulations" and collectively "SEQRA"), the Agency must satisfy the requirements contained in SEQRA prior to making a final determination whether to undertake the Project; and

WHEREAS, pursuant to SEQRA, to aid the Agency in determining whether the Project may have a significant adverse impact upon the environment, the Agency has completed, received and/or reviewed (1) Part 1 of a Full Environmental Assessment Form ("EAF"), dated September 14, 2021, prepared by Bohler Engineering; (2) NYSDEC's Environmental Resource Mapper; (3) New York State Historic Preservation Office's Cultural Resources Mapper; (4) Town of Oyster Bay Planning Board Resolution Number 1-2023, dated March 16, 2023, granting Site Plan Approval and issuing a Negative SEQRA Declaration concerning the Project Facility; and (5) other relevant environmental information (collectively, 1, 2, 3,4 and 5 shall be referred to as the "Environmental Information"); and

WHEREAS, pursuant to SEQRA, the Agency is an involved agency in the SEQRA review of the Project, and as an involved agency is required to analyze the Project to determine whether it has the potential to have a significant adverse impact on the environment; and

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NASSAU COUNTY INDUSTRIAL DEVELOPMENT AGENCY AS FOLLOWS:

Section 1. Based upon a thorough review and examination of the Environmental Information and upon the Agency's knowledge of the area surrounding the Land and such further investigation of the Project and its environmental effects as the Agency has deemed appropriate, the Agency makes the following findings with respect to the Project:

- 1. <u>Impact on Land</u>. The Project is not anticipated to create any potentially significant adverse impacts to land resources or land use. The Project Facility is consistent with its surrounding use in downtown Hicksville and the Land was rezoned to permit uses, such as the Project Facility. The zoning and land use classification will not change as a result of the Project. Accordingly, the Project is not anticipated to create any potentially significant adverse impacts to land resources or land use.
- 2. <u>Impact on Water</u>. No wetlands in the area of the Land are anticipated to be impacted as renovation will be undertaken on property which previously housed similar uses. In addition, the Project is not located in a designated 100 or 500 year floodplain. The property has been previously disturbed and the renovation will not physically alter, or encroach into, any existing wetland or waterbody. Although the Project site is located over the Nassau-Suffolk sole source aquifer, no activities proposed for the Project are anticipated to impact groundwater or the aquifer, nor is renovation or operation of such project anticipated to expose such aquifer to the undue threat of contamination.
- 3. <u>Impact on Air.</u> The Project will not be a significant source of air emissions. The Project does not entail the types of activities or operations that require the Applicant to acquire an Air Facility Permit or that are associated with a significant potential for air emissions. In addition, any increase in traffic including vehicle trips associated with the Project is not anticipated to materially impact air quality as more specifically discussed in the Transportation section below, including based on various analyses completed regarding traffic. Any potential impact on air as a result of construction activities will be minor, and temporary in nature.

- 4. <u>Impact on Health or Safety</u>. The EAF advises that the property and adjacent parcels have no spill records with the New York State Department of Environmental Conservation (NYSDEC), are not in the NYSDEC remedial database and do not contain hazardous waste. The Project also does not entail the types of activities or operations that are associated with a significant potential for affecting public health. Accordingly, the Project will not create any significant adverse impact to public health, air, land or water resources.
- 5. <u>Impact on Plants and Animals Including to Threatened or Endangered Species</u>. The Land does not appear to contain any habitats of significance as it is fully developed and located in a well-developed commercial area. The Proposed Action does not present the potential for removal or destruction of large quantities of vegetation or fauna; substantial interference with the movement of any resident or migratory fish or wildlife species; impacts on a significant habitat area; substantial adverse impacts on a threatened or endangered species of animal or plant, or the habitat of such a species; or other significant adverse impacts to natural resources.
- 6. <u>Impact on Agricultural Land Resources</u>. The Project is located in an area currently devoted to commercial uses. As a result, it will not involve the conversion or loss of agricultural land resources. Accordingly, the Project will not create any significant adverse impacts to agricultural land resources.
- 7. <u>Impact on Aesthetic Resources</u>. The Project will not be within 5 miles from any officially designated federal, state or local scenic or aesthetic resource. The property is situated in a developed commercial area, as indicated with is zoned for uses consistent with the Project with is also consistent with surrounding uses. As the Town of Oyster Bay concluded that the Project Facility is consistent with its surroundings, it is not anticipated to create any significant adverse impacts to aesthetic resources.
- 8. <u>Impact on Historic and Archeological Resources.</u> The Land is not within nor adjacent to any archeological area deemed sensitive by the State Historic Preservation Office nor any historic buildings. The Land, itself, is improved with structures and contains no visible historical, archeological, architectural or aesthetic resources that will be impaired by the development of the Project Facility. The Project would redevelop an underutilized property as the existing buildings on the site have vacancies with more than an acre of parking lot separating the buildings, detracting from the overall character of the site and surrounding area. The Project Facility has been designed to be respectful of the character of the surrounding area and the scale of existing development, thereby improving the overall character of the site and surrounding area. Accordingly, the Project will not create any significant adverse impacts to historical or archaeological resources.
- 9. <u>Impact on Open Space and Recreation</u>. The Land on which the Project is to be located and adjacent areas around it do not comprise public open space. Further, the density of the Project Facility is not anticipated to create an adverse impact of local parkland. Accordingly, the Project will not create any significant adverse impacts to open space or recreational resources.
- 10. <u>Impact on Critical Environmental Areas</u>. The Land on which the Project is to be developed is not located in or substantially contiguous to any Critical Environmental Area ("CEA") based on a review of the EAF. Accordingly, the Project will not create any significant adverse impacts to any CEA.

- 11. <u>Impact on Transportation</u>. Based on the EAF, the Project will not result in a substantial increase in traffic above capacity of current traffic infrastructure, nor is it expected to generate substantial new demand for transportation facilities or services/infrastructure. Onsite parking will be provided for with a parking garage. Accordingly, it is not anticipated that the Project will create any significant adverse impacts to transportation. The Town of Oyster Bay analyzed this issue in connection with the Site Plan approval and no development of the Project Facility can occur without such review and approval concluding that the improvements will not create an adverse impact on transportation (Oyster Bay Town Code Section 246-6.10, seq.).
- 12. <u>Impact on Energy</u>. The Project may result in an increase in energy usage, however, existing utilities serve the area where the Project will be developed and are anticipated to have adequate capacity to serve it. As a result, the Project will not create any significant adverse impacts to energy.
- 13. <u>Impact on Noise and Odor and Impacts from Light</u>. The Project is not expected to materially increase ambient noise levels or to create odors of consequence particularly in light of such project setting including the Project site location. As a result, it is not anticipated that operation of the Project will result in undue noise impacts. Further, any impacts to noise and/or odor from construction activities will be minor, and temporary in nature. In addition, any such noise from construction will be undertaken during work hours and as such is not anticipated to be significant. Accordingly, the Project will not create any significant adverse impacts to noise or odors.
- 14. Impact on Growth and Character of the Community and Neighborhood. The Town of Oyster Bay has approved the development and concluded that the Project Facility will be consistent with other improvements in the surrounding area. Further, the use was determined to be in conformance with the Town of Oyster Bay's revitalization project for downtown Hicksville, which included rezoning the Land to permit a mixed use / multifamily residential development. The Project Facility would be consistent with the stated intent of the application Town of Oyster Bay HD-I (Downtown Core Subdistrict) zoning district, which is "to allow transit-oriented development along primary roadways with a mix of residential and non-residential uses", given the mixed use nature of the proposed action. Accordingly, the Project is not anticipated to create any significant adverse impacts to the growth or character of the community.

NOW THEREFORE BE IT FURTHER RESOLVED:

Section 2. Based on the foregoing, the Agency finds that the Project will not have any significant adverse impact on the environment in accordance with the New York State Environmental Quality Review Act, Article 8 of the New York Environmental Conservation Law and, in particular, pursuant to the criteria set forth at 6 NYCRR §617.7(b)-(c) of the SEQRA regulations and as such, no environmental impact statement shall be prepared. This determination constitutes a negative declaration for the purposes of SEQRA.

Section 3. The Chairman, the Vice Chairman, the Executive Director and the Administrative Director of the Agency are hereby further authorized on behalf of the Agency, or acting together or individually, to distribute copies of this Resolution to the Applicant and to do such further things or perform such acts as may be necessary or convenient to implement the provisions of this Resolution.

Section 4. This Resolution shall take effect immediately.

The question of the adoption of the foregoing Resolution was duly put to a vote on roll call, which resulted as follows:

William H. Rockensies	VOTING AYE
John Coumatos	VOTING NAY
Reginald A. Spinello	VOTING AYE
Raymond Pinto	VOTING AYE
Victor LaGreca	VOTING ABSENT
Marco Trojano	VOTING AYE

The foregoing Resolution was thereupon declared duly approved.

STATE OF NEW YORK)
) SS:
COUNTY OF NASSAU)

We, the undersigned [Assistant] Secretary and [Vice] Chair of the Nassau County Industrial Development Agency (the "Agency"), do hereby certify that we have compared the foregoing extract of the minutes of the meeting of the members of the Agency, including the Resolution contained therein, held on June 22, 2023, with the original thereof on file in our office, and that the same is a true and correct copy of said original and of such Resolution set forth therein and of the whole of said original so far as the same relates to the subject matter therein referred to.

WE FURTHER CERTIFY that (A) all members of the Agency had due notice of said meeting; (B) said meeting was in all respects duly held; (C) pursuant to Article 7 of the Public Officers Law (the "Open Meetings Law"), said meeting was open to the general public, and due notice of the time and place of said meeting was duly given in accordance with such Open Meetings Law; and (D) there was a quorum of the members of the Agency present throughout said meeting.

WE FURTHER CERTIFY that, as of the date hereof, the attached Resolution is in full force and effect and has not been amended, repealed or rescinded.

IN WITNESS WHEREOF, we have hereunto set our hands and affixed the seal of the Agency this Lladay of June, 2023.

Assistant Secretary

[Vice] Chair

(SEAL)
