The undersigned, being duly sworn, deposes and says, under penalties of perjury, as follows: that I am the chief executive officer or other representative authorized to bind the Applicant named in the attached application for financial assistance ("Application") and that I hold the office specified below my signature at the end of this Certification and Agreement, that I am authorized and empowered to deliver this Certification and Agreement and the Application for and on behalf of the Applicant, that I am familiar with the contents of said Application (including all schedules, exhibits and attachments thereto), and that said contents are true, accurate and complete to the best of my knowledge and belief.

The grounds of my belief relative to all matters in the Application that are not based upon my own personal knowledge are based upon investigations I have made or have caused to be made concerning the subject matter of this Application, as well as upon information acquired in the course of my duties and from the books and records of the Applicant.

As an authorized representative of the Applicant, I acknowledge and agree on behalf of the Applicant that the Applicant hereby releases the Nassau County Industrial Development Agency, its members, officers, servants, attorneys, agents and employees (collectively, the "Agency") from, agrees that the Agency shall not be liable for and agrees to indemnify, defend (with counsel selected by the Agency) and hold the Agency harmless from and against any and all liability, damages, causes of actions, losses, costs or expenses incurred by the Agency in connection with: (A) examination and processing of, and action pursuant to or upon, the Application, regardless of whether or not the Application or the financial assistance requested therein are favorably acted upon by the Agency, (B) the acquisition, construction, reconstruction, renovation, installation and/or equipping of the Project by the Agency, and (C) any further action taken by the Agency with respect to the Project; including, without limiting the generality of the foregoing, (i) all fees and expenses of the Agency's general counsel, transaction/bond counsel, economic development consultant, real property tax valuation consultant and other attorneys, experts and consultants (if deemed necessary or advisable by the Agency), and (ii) all other expenses (including attorneys' fees) incurred by the Agency in defending any suits, actions or proceedings that may arise as a result of any of the foregoing. If, for any reason whatsoever, the Applicant fails to conclude or consummate necessary negotiations or fails within a reasonable or specified period of time to take reasonable, proper or requested action or withdraws, abandons, cancels, or neglects the Application or if the Applicant is unable to find buyers willing to purchase the total bond issue required or is unable to secure other third party financing or otherwise fails to conclude the Project, then upon presentation of an invoice by the Agency, its agents, attorneys or assigns, the Applicant shall pay to the Agency, its agents, attorneys or assigns, as the case may be, all fees and expenses reflected in any such invoice.

As an authorized representative of the Applicant, I acknowledge and agree on behalf of the Applicant that each of the Agency's general counsel, transaction/bond counsel, economic development consultant, real property tax valuation consultant and other experts and consultants is an intended third-party beneficiary of this Certification and Agreement, and that each of them may (but shall not be obligated to) enforce the provisions of the immediately preceding paragraph, whether by lawsuit or otherwise, to collect the fees and expenses of such party or person incurred by the Agency (whether or not first paid by the Agency) with respect to the Application.

Upon successful closing of the required bond issue or other form of financing or Agency assistance, the Applicant shall pay an administrative fee set by the Agency (which amount is payable at closing) in accordance with the following schedule:

Guided by the above stated schedule amounts, upon the termination of the financing of the Project, Applicant agrees to pay all costs in connection with any conveyance by the Agency to the Applicant of the Agency's interest in the Project and the termination of all related Project documents, including the fees and expenses of the Agency's general counsel, bond/transaction counsel, and all applicable recording, filing or other related fees, taxes and charges.

I further acknowledge and agree on behalf of the Applicant that, in the event the Agency shall have used all of its available tax-exempt bond financing allocation from the State of New York, if applicable, and shall accordingly be unable to obtain an additional allocation for the benefit of the Applicant, the Agency shall have no liability or responsibility as a result of the inability of the Agency to issue and deliver tax-exempt bonds for the benefit of the Applicant.

SCHEDULE A

PART I: APPLICANT

Section 1(P): Has the Applicant considered moving to another state or another location within New York State? If YES, explain circumstances.

The Applicant and its Project partners have finite capital, development resources, and management capacity, and must allocate those resources among competing opportunities in multiple jurisdictions. Accordingly, the proposed Project must compete internally against other potential projects that may offer different economic profiles, development timelines, regulatory requirements, and incentive opportunities.

Agency assistance is therefore an important factor in determining whether the proposed Project can proceed in New York. Without such assistance, the Applicant and its Project partners may determine that limited capital and resources are better deployed in other markets where project economics are more feasible or where public support makes development more viable.

Sunrise Senior Living, which will be the Applicant's third-party day-to-day manager of the Project, currently operates communities across 31 states and internationally, demonstrating substantial experience managing senior living communities across a broad range of markets. This geographic platform provides the Applicant and its Project partners with the practical ability to pursue opportunities outside New York if the proposed Project cannot be advanced on economically sustainable terms.

- Sunrise has finite capital, development resources, and management capacity, and must allocate those resources among competing opportunities in multiple jurisdictions. Accordingly, the proposed Project must compete internally against other potential projects that may offer different economic profiles, development timelines, regulatory requirements, and incentive opportunities. Agency assistance is therefore an important factor in determining whether the proposed Project can proceed in New York. Without such assistance, the Applicant and its Project partners may determine that limited capital and resources are better deployed in other markets where project economics are more feasible or where public support makes development more viable.

Sunrise currently operates communities across 31 states and internationally, demonstrating substantial experience managing senior living communities across a broad range of markets.

PART II: PROPOSED PROJECT

Section II(C): Briefly describe the purpose of the proposed Project, the reasons why the Project is necessary to the Applicant and why the Agency's financial assistance is necessary, and the effect the Project will have on the Applicant's business or operations:

The proposed Project consists of the development and operation of an assisted living and memory care residential community in Nassau County that will provide personalized assistance with activities of daily living, health and wellness support, and specialized care for individuals living with Alzheimer's disease, dementia, and other cognitive impairments. The Project is necessary to the Applicant because the Applicant does not currently operate any facilities in New York, and the Project represents the Applicant's entry into a New York market that is significantly underserved, with only four comparable communities totaling 412 units located in the area. The Agency's financial assistance is necessary because, without the requested sales tax exemption and 15-year PILOT, the Project would lack sufficient financial support to be financed as structured, and the Applicant would likely not proceed without it. The effect of the Project on the Applicant's business will be to establish its first New York operations, adding needed senior housing and memory care capacity, creating construction and permanent jobs, generating spending with local vendors, and producing long-term PILOT revenue, while complementing rather than displacing the existing New York communities operated by the Applicant's third-party manager of the Project, Sunrise Senior Living.

Section 2(D): Is there a likelihood that the proposed Project would not be undertaken by the Applicant but for the granting of the financial assistance by the Agency? (If yes, explain; if no, explain why the Agency should grant the financial assistance with respect to the proposed Project):

Yes. There is a substantial likelihood that the Applicant or Sunrise would not proceed with the Project without the Agency's assistance.

The requested financial assistance is necessary for the Applicant to obtain financing and move forward with construction. Without the sales tax exemption and 15-year PILOT, the Project would not generate sufficient financial support to be financed through the contemplated structure. As a result, the Applicant would not be able to successfully build the Project.

The Applicant's ability to proceed depends on demonstrating that the Project has a feasible cost structure, including manageable upfront development costs and predictable long-term real property tax obligations. The requested Agency benefits are a critical part of that feasibility analysis.

The Project's history confirms the importance of the requested assistance. Sunrise previously pursued a different structure for this Project alongside IDA approvals in 2022, but due to market conditions at that time, including increased construction costs, higher financing costs, and other development challenges, the Project could not be built. Those conditions have continued to place pressure on Project feasibility.

Accordingly, without the Agency's assistance, the Applicant does not expect the Project to be financed or constructed. If the Project cannot proceed, Sunrise and its affiliates would

instead direct their resources and development efforts to other projects, including projects located both within and outside New York State.

Section 2(E): If the Applicant is unable to arrange Agency financing or other Agency financial assistance for the Project, what will be the impact on the Applicant and Nassau County? Describe.

If the Applicant is unable to obtain the requested financial assistance from the Agency, the Project is unlikely to proceed, and the Applicant and municipality would lose the significant benefits the Project is expected to generate.

For the Applicant, the loss would be the inability to move forward with a needed senior living community after substantial time and resources have already been invested in the Project. Without the Agency's assistance, the Project would not be financially feasible, and the Applicant would lose the opportunity to develop the facility, create jobs, support local vendors, and provide a highly demanded senior living service in a market with very limited supply.

For the municipality, the loss would be substantial. The municipality would lose construction jobs, permanent operating jobs, and ongoing employment opportunities for local residents. It would also lose the local economic activity generated by the Project, including spending with local contractors, suppliers, service providers, food vendors, landscapers, maintenance providers, health and wellness providers, entertainment providers, florists, and other Long Island-based businesses.

The municipality would also lose access to a needed senior living resource. Demand for high-quality senior living and memory care services continues to grow, while available supply in the area remains limited. If the Project does not proceed, local seniors and families would lose the benefit of a new community designed to serve that need.

In addition, the affected taxing jurisdictions would lose the long-term PILOT revenue that would be generated by the Project. Accordingly, denial of the requested assistance would likely result in the loss of the Project, the related jobs, local vendor spending, senior living services, PILOT revenue, and broader community benefits.

Section 2(I): Describe proposed Project site ownership structure (i.e., Applicant or other entity):

Silver Fox of Oceanside NY, LLC will own the Project as a wholly owned subsidiary of Silver Fox Senior Living Inc. Sunrise Senior Living Management, Inc., a manager/operator of 250+ senior housing properties in North America, will serve as the Project's third party day-to-day manager and operator. The manager/operator and Owner are not related entities.

Section 2(J): To what purpose will the building or buildings to be acquired, constructed or renovated be used by the Applicant? (Include description of goods to be sold, products to be manufactured, assembled or processed and services to be rendered.)

The proposed Project will be a ~77,000 SF senior living community, comprised of 53 Assisted Living and 31 Memory Care apartments. The Applicant will engage Sunrise Senior Living as manager/operator of the community, providing assisted living services and memory care to older adults, including personalized assistance with activities of daily living, health and wellness support, and specialized care for individuals living with Alzheimer's disease, dementia, and other cognitive impairments, in a safe, supportive environment that promotes dignity, independence, and quality of life. *The Project will also create local employment opportunities for caregivers, dining and hospitality staff, housekeeping and maintenance personnel, and administrative and management staff.*

Section 2(R): Describe the social and economic conditions in the community where the Project site is or will be located and the impact of the proposed Project on the community (including impact on infrastructure, transportation, fire and police and other government-provided services):

Once operational, the third-party Project manager/operator (Sunrise) expects to use local vendors and service providers for recurring business needs, including food and dining supplies, landscaping, maintenance, entertainment, salon services, physical therapy, florists, cleaning and janitorial services, medical and office supplies, equipment repair, waste removal, pest control, security, and other day-to-day operating services.

The Applicant's commitment to local economic participation also extends to employment. More than 90% of team members currently employed by Sunrise communities in Nassau County reside within the County, and the Applicant expects to continue drawing heavily from the local workforce for the proposed Project.
